OBITUARY

E. F. Batty.

The many friends of E. F. Batty were greatly shocked last Tuesday morning, when word came from Madison of his death at the General Hospital. Mr. Batty was taken sick about three weeks ago and removed to Madison where an operation was performed. While the operation was in itself successful, complications developed which even his hardy constitution could not withstand and he passed away at 3:30 Tuesday morning.

Edward Foster Batty, the son of Samuel and Martha Batty, who were among Lane county's pioneers, was born December 11, 1847, and died January 4, 1920, being at the time of his death seventy-two years and twenty-six days of age.

On November 23, 1872, he was united in marriage to Miss Catherine Ellsworth, of Iowa county, and to this union five children were born, all of whom survive him. They are Mrs. Gertrude E. Coffins, Blue Mounds, Wis.; Mrs. Rosalie C. Haxelstein, Thunder Bay, S. D.; Mrs. Lou B. Wolf, Spring Valley, Wis.; Harry C. Batty, Spencer, Neb.; and Mrs. Frankie B. Lisenboken, La Crosse, Wis., the latter of whom was unable to be at his bedside and to attend his funeral on account of serious illness.

He leaves to mourn his death his widow and children, together with one brother, James Batty, Mason City, Ia.; two sisters, Mrs. Zeldia Dame, Minn. capolis, and Mrs. Sarah Jane Parkin, Merrimack, Wis., eighteen grandchildren, one great-grandchild, numerous

relatives and a large number of friends. He was a man of quiet, unobtrusive place, and we believe that everything was well with him as he had frequently expressed himself as being ready to go if called.

Few men will be missed more than "Ed," as he was familiarly called by everyone. His loss will be felt by the whole community, his jovial and genial nature having endeared himself to all, from the youngest children, in whom he showed great interest, to the oldest residents of the vicinity. He was kind and sympathetic to all in sorrow or distress; dutiful and loving to his family and friends; interested in everyone's welfare and a citizen who took great pride in the affairs of this village, town and county, and of the local Maanle lodge, all of which he had served in various capacities.

One remarkable thing about this large family of children and grandchildren is that this is the first death in the family.

The funeral was held Thursday afternoon, with services at two o'clock at the Community church, where a large number of friends had gathered to pay their last respects to the deceased. Rev. F. J. Thomas gave the funeral address. A large procession accompanied the remains to the cemetery, where the services were conducted by the Maanle order.

Other relatives present at the funeral were:

Zeldia Dame, Minneapolis, Minn.; Sarah Jane Parkin, Merrimack, Wis.; F. T. Batty, Mason City, Ia.; George E. Ellsworth and J. L. Ellsworth, Cedar Rapids, Ia.; Rev. F. Ellsworth, Spencer, Neb.; Mrs. B. Lisenboken, La Crosse, Wis.; Mrs. Stacy, Pay, Leona, and Naomi Collins, Blue Mounds, Wis.; Charles Culver and James Thompson, Chicago, Ia.; Mrs. Mary Batty, Madison, Wis.; N. W. Ellis, Sparta, Wis.; Bert Henry, Minneapolis, Minn.; Joseph Kinks, Chicago, Ia.; Bob Parkin, Baraboo, Wis.; Mrs. Albin Grevell, Reedburg, Wis.; Mrs. Lillian Grevell, Merton, Wis.; Mrs. P. J. Goddard, Leola, Wis. Many friends from the surrounding country and neighboring villages were also present.

Judgment Ordered.

A judgment for \$10,000.00 in favor of the Mazomanie Brewing Co. of Madison, on a mortgage for four years on time in the village of Mazomanie, was ordered by Judge Heymann, Monday afternoon, was against Edward and J. J. Larson, Lawrence L. and Arthur B. Curtis, and John and Margaret Kennedy. Mr. and Mrs. Larson formerly owned the building in question, but sold the same several years ago and now reside on a farm near Evansville.

Two Crews Now.

Two crews now operate the branch train, the innovation going into effect last Monday. One crew goes on at 9:40 a. m., the other at 2:30 p. m., making alternate runs. The first crew consists of Jas. Pratt, conductor; Chas. Kiley and Martin Damon, brakemen; Geo. Pugh, engineer; W. F. Royston, fireman. The second crew: W. H. Brown, conductor; Ray Coogrove and Bernard Haley, brakemen; John Koley, engineer; Lester Shower, fireman.

No Great Act of Heroism Required.

If some great act of heroism was necessary to protect a child from trouble, no parent would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and use it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual.—Adm.

Notice To Shovel Snow From Walks.

All persons are notified that snow on the street sidewalks at their premises must be removed before ten o'clock a. m. following night snowfalls, and within four hours after a snowstorm during the daytime. In case of failure to observe this rule, the sidewalks will be cleaned by the village at the expense of the property owner. Also, bear in mind, that dumping refuse in the streets is forbidden and prohibited.

By Order of the Village Board.

Attend Funeral.

Wm. E. Effer, a well known and much respected business man of Janesville, was stricken with paralysis on Monday of last week at 4:30 a. m., and died the following day at 4:30 p. m. He leaves a wife, who is a sister of Mrs. F. H. Davies, of this place, and three grown children, all of whom have visited here frequently. Mrs. Davies went to Janesville, Wednesday morning, to be with her sister, and Mr. Davies and son, Charles, went Friday to attend the funeral, which was held at 2:30 in the afternoon of that day.

Gier Residence Burned.

The residence of Nick Gier in this village, was totally destroyed by fire Wednesday afternoon. Practically all the furniture, clothing and other household effects were also destroyed, though a few articles were saved in a more or

less degree. The fire broke out about 10 o'clock, and was caused by an overheated stove, but as no one was at home at the time, further detail cannot be given. The building and contents were insured for \$1000, which falls short of meeting the loss. The fire company responded promptly to the alarm, but being handicapped by frozen hose, the fire was soon beyond control.

Big Tractor Service School to be Held in Madison.

It is the policy of a good many of the larger tractor manufacturers to hold a series of service schools throughout the entire United States for the general education of the farmer or those interested in power farming machinery. These schools are in such and every case are absolutely free. The best instructors obtainable are furnished to conduct these schools and they are equipped with an elaborate outfit for instructing tractor owners. Manufacturers have come to realize that service is in a large majority of cases what makes the tractor farming profitable and are carrying on a vast educational campaign in order to educate the users of farm tractors so that they may get better service out of their tractors and make power farming a real success. One of these schools is being conducted by the AVERY COMPANY at Madison on January 16th and 17th, and those interested in power farming will do well to attend.

After two weeks vacation our school opened Monday with a full attendance. Walter Hodgson attended a session of the county board at Dodgeville this week.

Mrs. I. G. Plank visited relatives at Wheaton and Lake Forest, Ill., the past week.

Darby H. King of the Madison post-office force spent New Year's day here with his mother.

Miss Jeanette Spraker of Madison, during the holiday, fell on an icy sidewalk and fractured the bones of her right forearm.

Mr. and Mrs. J. H. Morrissey visited several days the past week with Mrs. Morrissey's mother, Mrs. James Murphy of Madison, and on New Year's day enjoyed a reception, given by Mrs. Murphy to her children and other relatives, the occasion being her 80th birthday anniversary.

The reception given by the local Red Cross to the returned soldiers, sailors and marines at the Temple on Tuesday evening, Dec. 30th was a complete success. Forty-two of the boys were present, several not being able to attend.

The six o'clock dinner given to the boys was an elaborate affair and all agreed that they were royally banqueted. After the dinner we served the following program, was given: Music, Orchestra; Star-Spangled Banner, Audience; Prayer, Rev. C. H. Sweet; Selection, Orchestra; Address of Welcome, H. B. Billington; Response, Henry B. Billington; Selection, Orchestra; Vocal selection, Miss Thomas; Address, W. S. Sawie; Selection, Orchestra; Address, Prof. G. L. Barrett; Solo, E. E. 965 DIVORCES DURING MONTH.

Chicago—Five Chicago judges made 30 couples happy every day in December by divorcing them. There were 965 legal separations. Ben Cuyler kept almost all of the game by hustling almost 900 couples through the marriage license bureau every working day.

TWIN LIONS BORN

Locked doors at the Ben house in the Henry Vilas park zoo disappointed many a youngster and a number of older people at Madison, who had come to see the twin babies of Nero and Claudia, king and queen of the zoo, born Saturday night. Nero and Claudia are Abyssinian lions, fine specimens, and their children, who weighed about 6 pounds at birth and are doing well, promise to be just as powerful as their parents.

THE CUTEST PANTS.

Paris—Form fitting trousers with fulls at the ankles and shirts with lace collars and cuffs will make the well dressed man of 1920 just as chic and stuffy as his detestable little sister—if he will wear them.

Parisian tailors, aided by designers of feminine things, have gone way back to 1850 for the starting new styles.

"These new styles will be successful," Jules Muelles, vice-president of the tailors' union, a sartorial artist, said. There will be a cloak about as long as the ordinary claw hammer coat. Around the ankles of the trousers there will be a shirred border."

Third Big Barge Launched.

The third of seven big steel barges being built at Dubouque was launched Monday. There are to be nineteen of them and all ready for service next summer. The first two, one built at Dubouque and another at St. Paul last fall, made a trial trip just before the channel from up and each carried 2,500 tons of iron ore from Minneapolis to St. Louis. These barges are 300 feet long, 48 feet wide and 10 feet deep and their carrying capacity is the equivalent of 40 cars. The saving over rail rates it is said will be twenty per cent. The government has leased these barges to the Mississippi Valley Iron Co. for 1920 and if labor conditions get settled by next summer the Wabash mines will be opened and part of the barges used there.—Crawford County Press.

Miss Inez Nelson has commenced to take the census in the town of Berry. Many farmers are not prepared to answer the questions and it is very slow work for the census enumerator.

Blanks should have been sent to farmers for them to fill out, and have them ready for the census taker.

Outs Luck.

Richard Democrat: The latest return in the Gotham burglary of two weeks since seem to bear out the assertion that the fellow who did the job was "all out of luck." Approvers are that he went far east as a vagabond on a freight train or in a car. In the railroad yards there he evidently boarded the passenger while the train was in motion and lost the package containing his loot. It was taken to the bank by the finder and George went down and got it.

belonging to him were there and he has since secured his property. The unlucky burglar is said to have sailed back from Massachusetts along the railroad right of way looking for a package which he said he had lost, but no special attention was paid to him and he finally left on a later train.

WILL PROTECT TWO IMPORTANT STATE ANIMALS

DEER AND MUSKRAT CLOSED SEASON DECLARED TO BE PRACTICALLY ASSURED.

Two of Wisconsin's most important animals, deer and muskrat, are to be protected for at least one year by a closed season, according to present indications. So great has been the number slaughtered during late years, and so marked the decrease in their numbers, that anxiety is felt that the two species be wiped out entirely in the state.

Some 20,000 deer were killed during the wide open hunting season just closed. Another such fall, it is declared, would put the animal so far back protection of several years would be imperative. The one-buck law has been urged in the past, but this is now believed too long delayed to give adequate protection.

Hearings are to be called in all of the 27 counties in which deer hunting is now permitted and will be conducted by the conservation commission. Letters have been coming into the conservation office in large numbers recently demanding that the hearing be held to close the season; only a few ask for the one-buck law immediately, although several suggest it after a single closed season. In any event, the action of the commission as the result of the hearings can only obtain until the next regular session of the legislature, and so would affect only the 1920 hunting season.

In every county a hearing is to be conducted on the muskrat closed season. Joint hearings in those having the deer question to be considered. This list will take some three months to run through. The decrease in muskrats trapped during the last three years is shown by the figures: 1917, 802,048; 1918, 472,296; 1919, 180,000. It is interesting to note that because of the rise in prices, the value of muskrat furs from Wisconsin only dropped from \$400,000 to \$333,775 in 1917-18.

Athletic Association Formed.

Pursuant to a call issued by Chaplin Thomas of the Community Church, the following gentlemen met at his residence on the evening of January 6, to consider the advisability and the feasibility of organizing an athletic association: Chaplin F. J. Thomas, Dr. Graydon, A. G. Ellis, Chas. Davies, J. W. Wiseman, Gayle Emery, E. C. Gothan, and Eugene Beckman.

After an informal discussion it appeared to all present that, under the circumstances, it would be wise to organize some sort of an association and if possible to procure the necessary property and equipment for a community athletic association.

Upon motion duly made, seconded, and carried, Mr. Thomas was elected temporary chairman and Mr. Gothan temporary secretary. A motion was made and seconded that the name of the association be "The Community Athletic Association of Mazomanie." Motion carried. The matter of the number of members and the personnel of a board of directors was discussed but definite action was postponed until the next meeting. A motion was made and seconded that Mr. Davies act as temporary treasurer of the association. Motion carried. A motion was made and seconded that Mr. Emery and Mr. Davies act as a committee on membership. Motion carried. A motion was made and seconded that a membership fee of \$5.00 a year (\$2.00 a quarter) be charged each member 16 years of age or over or \$7.00 a year if paid in advance. Motion carried. \$10.00 a year.

- Rivalry in Prices
- Rivalry in Service
- Rivalry in Economy
- Rivalry in Quality

Swift & Company must provide the best service to your dealer or he will buy from our competitors. This means a supply of fine fresh meat always on hand for you at your dealer's.

Swift & Company must keep down manufacturing and selling costs, and use all by-products to avoid waste, or else lose money meeting the prices of competitors who do.

Swift & Company must make its products of the highest quality, or see you turn to others. This means better meat for you and a greater variety of appetizing, wholesome food.

We are as glad for this competition as you should be. It helps to keep us on our mettle.
