HE COULD HARDLY WALK SAYS

MARTIN

Rheumatism Had Him Ready To Give Up His Job When He Began Taking Tanlac.

"I have been benefited so much by taking Tanlac I am glad of the opportunity to tell everybody about it," declared John Martin, 34 Erie St., Milwaukee, Wis., a few days ago.

"Why, I not only feel like a new man but have gained at least ten pounds in weight," said Mr. Martin. "I have suffered so long and so much. I think it is as far back as I can remember. I finally got to where I could not eat a single thing without suffering from it. After meals I always became badly nauseated, would blast up with gas, have sharp pains in the region of my heart, and intense pains in the pit of my stomach. I suffered with rheumatism all through my body, especially in my knees, elbows and shoulders. At times I could barely walk, my shoes were so stiff it was nearly impossible for me to bend my arms, and when I got up in the mornings I could not raise my hands to my head on account of the pain in my shoulders. I went on to such pain all the time I could never get a good night's sleep and had about come to the conclusion I ought have to give up my job.

"When I commenced taking Tanlac I began to improve right from the start, and now after taking only four bottles my stomach is in fine shape. I can eat anything I want and everything agrees with me perfectly. I never have a headache or become dizzy, my kidneys never bother me as a particle and the pains are all gone out of my back. I never have a sign of the rheumatism and sleep fine every night now. In fact I am a well man, and as Tanlac deserves all the credit, I am always ready to tell others about it.

TANLAC is sold in Mazomanie by Geo. A. Rhinola to Mr. Hirsch at 41-43

OBITUARY

Mrs. Richard Knight.

"A true mother's precepts are binding
Even when she sleeps under the sod,
And the sum of her eloquent teachings
Rise up like a whisper from God."

The dark clouds of death which for
many weary months have been silently
haunting over the home of Richard
Knight, entered that home at nine
o'clock Sunday morning, September 5,
1920, and took from this world of care
the beloved wife and mother, Mrs.
Richard Knight.

Mrs. Knight was born in Sheffield,

Wisconsin to what was called the Eng-
lish settlement near Windsor, Dane
county, Wis., later to Vermont town-
ship, where he purchased land. Upon
they began the lives of the sturdy pio-
neers—whose ranks are nearly deplet-
ed—struggling together with a deter-
mination to win, with no conveniences
other than what nature provided. Here
most of the children were born, namely
Frank, Lorain, John, Fred, Hattie, and
Will. They remained in that home
until 1875. Always progressive and
seeing a chance for the better, they
purchased a farm home in the town of
Arcata, Iowa county, and moved there
in March, 1876. Here Mamie and Harry

Knight Goldwell. When very young
she, with her parents, brothers and
sisters, left England September 24,
1840, bound for America, reaching New
Orleans November 6, 1840, going from
there by steamboat to St. Louis, where
the family remained about one year,
then coming to the town of Vermont,
Iowa county, Wis., and settled on land
the father had purchased through the
British Temperance Emigration So-
ciety before leaving England—land now
owned by John Booth and sons. Here
her girlhood was spent, and she grew
to beautiful womanhood amid the fields
and birds and flowers which she always
loved throughout her life.

On April 2, 1867, she was united in
marriage to Richard Knight, who also
came from England, he leaving his
home at Leekwater May 10, 1850, land-
ing in New York the latter part of June
and spent his first day of July at Al-
bany, New York, then taking the boat
down the river to St. Louis, coming to

now the George Knight farm; they
moved to the village of Mazomanie in
1869, where Mrs. Knight passed away
at the age of eighty-one years, seven
months and five days, after more than
sixty-three years of wedded life.

Much could be written of this self-
sacrificing wife and mother, devoted to
her home, giving herself with untiring
love to husband and children. Early
in life she united with the Methodist
church, always remaining faithful to
its precepts and leading a consecrated
Christian life. In recent years, when in
failing health, she retained her old-
time cheerfulness, always praising God
for his goodness to her throughout her
life, and urging those about her to live
nearer to Him. Frank, her eldest son,
predeceased her in death, in July, 1900.

She leaves to mourn her dearer her
faithful husband and seven children,
four sons and two daughters, Lorain
and Mrs. Hattie Haskell, of Fresno,
Calif.; Miss Mamie, of San Diego,
Calif., until recently always home with
her parents; John and Harry, of Al-
berta, Canada; Fred and William, of
Mazomanie; also numerous grandchild-
ren and several great-grandchildren;
one brother, S. J. Cobwell, of Hum-
phrey, Neb., the only remaining one of
the large family of her brothers and
sisters who came to America with her.

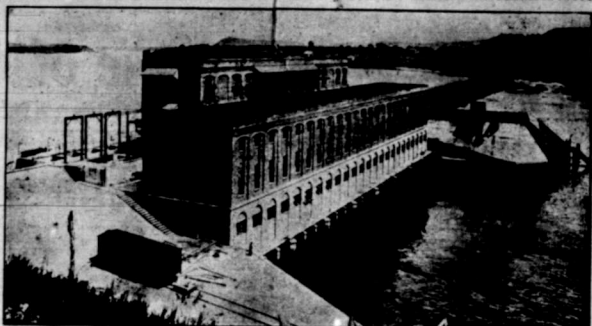

The funeral was held Wednesday
afternoon, with services at the home at
1:30, and at the Methodist church at

2:30, and at the Methodist church at
4:30, conducted by Rev. G. B. Carver, of Lodi,
who spoke words of comfort from the
twenty-third psalm. "What a Friend
We Have in Jesus" was sung at the
home, and at the church. "Nearer, My
God, to Thee," "No Night There," and
"Beautiful Valley of Eden," the quartet
consisting of Misses Nellie and
Mabel Woodrick, A. G. Ellis and H. L.
Swan, with Mrs. Harry Post, accom-
panied. The bearers were Abraham L.
Purman, Thomas E. Reeve, Herman
Linley, Richard Lee, R. W. Harrop,
and William Swearingen, who tenderly
bore the precious remains to the fam-
ily lot beside her son in the village
cemetery.

An industry supplying such a prosperous territory as Southern Wisconsin
with an acknowledged necessity at such a great saving is a big factor in the
growth of the territory and naturally grows with it. Such a company is thus
assured of great success and stability.

The WISCONSIN RIVER POWER COMPANY offers the people of
this community an opportunity to own a part of this great business thru
the purchase of its 7% Cumulative Preferred Stock. This is a Home Company, op-
erating in your home territory and supplying your local needs.

cess and stability makes this offer an exceptionally safe place to invest your
surplus funds, earn a high rate of interest and help the growth of your home
territory.

The young people left in the afternoon on an automobile trip for a few days. They will reside on the Handel farm at the outskirts of the village. Friends extend congratulations.

—Carroll King was taken sick after playing at a dance at Merrimack, early Saturday morning, and taken to Stank City, where a doctor was called. He was placed in the hospital at Stank City, where he was operated upon Saturday afternoon, for ulcers of the stomach, the operation being performed by Dr. Dean, of Madison. The patient, who is under the care of his aunt, Miss Katherine Carroll, is now progressing nicely, and is on the road to recovery.

Through hemorrhages he had become so weak that previous to the operation, blood transfusion was necessary, and his brother, John, supplied this delicacy.

This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is

costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from business standpoint.
