 MARIONETTE, WIS., JULY 8, 1934
 OF LOCAL INTEREST

The Fairview Chorus (17th dist.) of Black Earth will hold an ice cream social on Colin Shackleton's lawn next Wednesday night, July 13. Arrangements are being made to have the Black Earth high school band play. Entrance is cordially invited—Canning Club girls.

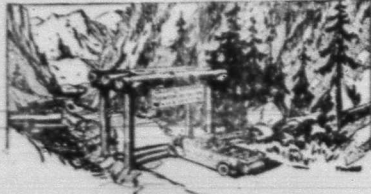

Monday evening, July 11th, at 7:30. Meeting, luncheon, concert organized, and his sister (Chloe) will give a concert at Luther Memorial church at Madison. Mr. Lundholm is a musician of unusual ability and his choir is of high order, skilled in the rendition of good chorus singing.

After several days' search, the bodies of Mrs. Louisa (Mrs. and Mrs. Thomas) Madsen, two of three women drowned while wading in the Koshong river near Koshong, Monday last week, were found about four miles from the spot where the women are supposed to have drowned. The body of the other victim, Mrs. John Madsen, was found Tuesday.

Circuit Judge Heymann Tuesday at the request of Nels Madsen, Black Earth health officer, issued an order in abatement of a nuisance, in the case against Mrs. John Madsen. The health officer complained that a house owned by Mrs. Madsen in Black Earth was in an unsanitary condition and the court action was brought in an attempt to close the building.

The benefit of housekeepers the following information is given: If a bottle of the oil of pennyroyal is left unopened in a room at night not a mosquito or any blood sucking insect will be found there in the morning; and if it is placed in a water jar and a glass of water is added to the jar, it will keep the water sweet and the water will keep the water sweet and the water will keep the water sweet.

Gallatin Gateway
 The NEW Way Into
YELLOWSTONE

Take the trail while it is new! The Gallatin Gateway opens into Yellowstone Park through the rugged Gallatin Canyon—the only direct entrance from the main line of transcontinental railroad branch line travel! Starting August 1st, Yellowstone Park motor coaches will meet Chicago, Milwaukee & St. Paul trains at Three Forks, Montana, in the electrified zone. Passengers will be carried through the rich Gallatin Valley, hemmed in by the Madison and Gallatin mountain ranges—cathedral-like peaks rising to a height of over 11,000 feet—winding over the trail of the Covered Wagon. Up the Canyon of the Gallatin River to an elevation of 7,000 feet, where the trail crosses into Yellowstone Park.

The tour of the Park is the same as from all other entrances and the cost is no higher. But this trip takes you through country few travelers have ever seen. And August is Yellowstone's most beautiful month. If you wish to stop over, one from one of the famous "Milwaukee" trains directly into a Yellowstone motor coach, and return after your tour. Never before have you had the opportunity to step into the regular Yellowstone Park motor coaches direct from a through transcontinental train.

But was constantly mistreating the old boards in the cart—the front board behind and the cart-board in front, which made the old gentleman very irritable. To prevent blunders he painted on both boards a large "H", then calling Pat to him and showing him the boards said: "Now, son, blackhead, you need make no mistake as they are new, both marked 'H'. Remember in one board is 'H' for before, and in the other, (indicating the tail board) 'H' for behind," whereupon the old gentleman marched off with great dignity.
