The studio was shut down for five weeks, while the alterations and improvements were made. It is the only radio station in the state located in a theatre. The station would like to hear from local talent, such as singers, accordion players, or any unusually good talent of any kind.

The silver coins show the heads of Washington and Lincoln, our first and present presidents. On the reverse side is a design of the Liberty Bell. The gold coins depict the scene of Liberty on the elevated side and on the reverse a reproduction of Independence hall, where the Declaration of Independence was adopted. A Noble Enterprise

If business men would so conduct the program of their lives that they could be more helpful to their children and their wives. Oh, what a splendid record of contentment we should find. And what a precious heritage would come to all mankind!

A truly noble enterprise is that of bringing cheer and peace of mind and happiness to those a man holds dear; And marriage is a partnership that he should place above all other obligations, for its covenant is love.

Yes, home-life should receive the best attention men can give. They ought to counsel with and help their partners while they live. And surely they should ever guard against that doubtful day when circumstances unforeseen may summon them away!

MAZOMANIE, WIS., JULY 23, 1926

At The Majestic Theater.

"Lady Windermere's Fan," adapted by Julia Farrow from the famous Oscar Wilde play, has one of the most brilliant casts ever before assembled in one production. It includes Irene Rich who plays Mrs. Erlynne, Ronald Colman (as Arrangement with Samuel Goldwyn), who plays Lord Darlington, Mrs. McAvoy as Lady Windermere, Bert Lytell as Lord Windermere, and Edward Martindel as Lord Augustus. Helen Tucker, Carrie Tuomey, and Billie Heston play three duchesses. This new Grand Lubstock production for Warner Brothers comes to the Majestic Theatre on Saturday.

One of the greatest romantic writers of all time, Laura Jean Libbey, whose works thrilled countless hearts a generation ago and whose name is today a household word of finding history was the author of "A Poor Girl's Romance," which comes to the Majestic Theatre on Sunday. Mrs. Libbey's widely read novel has been modernized in its adaptation and is a thoroughly up-to-the-minute story of youth and romance. The cast includes the following favorites: Gertrude Short, Cuyler Hale, Rosa Rudolph, Carlotta Sells, Charles Rogers, Johnny Gough, Mrs. M. Cecil and Forrest Taylor.

Those who like a strong actioned screen offering will be vastly interested in the presentation at the Majestic Theatre next Tuesday of the latest Metroproduction picture production "Shipwrecked," in which Sonia Owen popular star, and Joseph Schildkraut

STRAIGHT TALKS WITH AUNT EMMA

ON HOUSEHOLD BUDGETS

"Aunt Emma," asked Helen, "won't you explain what is meant by a household budget? You said something the other day about budgets, but I don't seem clear in my mind about it."

"A budget is simply a plan," said Aunt Emma. "You plan what you are going to do with your income. You divide your income systematically into the various parts of your needs. You set aside a part of your income for rent, other parts for food, clothing, heat, light, telephone, recreation, savings and so on."

"How are you going to know how much you should spend for each thing?" asked Helen.

"Experts have studied the question carefully and have worked out budgets to suit every income. Of course, you can alter these typical budgets slightly to suit your particular needs. For example, the average budget that covers incomes of from \$2,000 to \$3,000 a year divides your income into five parts. Ten per cent for savings, twenty per cent for rent, twenty per cent for food, twenty per cent for what is called maintenance and includes education, amusement, entertainment, books, music, sports, fifteen per cent for clothes and fifteen per cent for operating expenses."

"No matter how you change the other items you must not change the savings allowance - except to increase it. A great majority of men who reach fifty are dependent on relatives or charity. If they had saved only ten cents out of every dollar, they would not have been in that predicament. There is nothing like money to help you through the emergencies that come in everybody's life. If everybody kept one year's income in the savings bank, there would be no need of worry. If you always have enough money to see you through one year, you are pretty safe. Beyond that, it is wise to let your money accumulate until you have enough to buy some good securities. Your banker will advise you about the securities that suit your needs."

"But, Aunt Emma, suppose you wanted to alter your budget? How would you do it?" asked Helen.

"How would you do it?" asked Helen.

"How would you do it?" asked Helen.

Here's Why 1926 Circus is Biggest

Ringling Bros. Largest Greatest Show On Earth to Dedicate Mammoth New York Edifice

A circus so big that it requires two added rings; eight stages, a wide hipodrome track and a 700-foot-long big top to display its marvels in one loaded this way. It is the Ringling Brothers and Barnum & Bailey Combined Shows, to give performance at MADISON, JULY 23.

The five ring show used have been made necessary to present the added attractions got together in the spring to celebrate the combined shows first appearance in New York's New Madison Square Garden. This edifice is the biggest ever built for circus purposes. To stately dedicate it, the Ringling Brothers themselves spent months in Europe mobilizing the biggest circus in history. This same show that for weeks entertained New York's millions is now on tour under canvas.

The tournament is as brilliant as in the past but has been enlarged by the addition of such novelties as acrobats and llamas broken to harness and hitched to gem-studded floats. Wee baby elephants ride at the top of almonical cars. The menagerie of more than a thousand animals embraces such features as thirteen elephant youngsters with the smallest stationed side by side with the biggest pachyderms in captivity. Another importation is the largest and handomest tiger of which there is record.

Performing horse acts are now presented in quieter-a troupe in each of the five rings. Those elephants who appear perform in similar formation-five herds at one time. The number of men and women acrobats, barback riders, gymnasts and high-wire performers has been increased to eight hundred. There are three hundred and fifty trained horses.
