VOL. XLVII.

MAZOMANIE, DANE COUNTY, WISCONSIN, FRIDAY, JAN. 21, 1921

NO. 51

## Golden Wedding.

Mr. and Mrs. Mathias Bohr, formerly of Dubuque, Iowa, celebrated their golden wedding on Wednesday, Jan. 12, 1921, at the home of Mr. and Mrs. J. Scholgh, where the aged couple reside. High mass was celebrated at St. Barnabas' church by Rev. Father Sier. Mr. Bohr was born in St. Louis, Mo., September 14, 1850. Mr. Bohr was born near Coblenz, Germany, July 30, 1845. In 1867 he came to America. In 1871 he was married to Katherine Hermann of Highland, Wis. In 1881 they came to Dubuque, where Mr. Bohr was employed with the C. & M. & St. P. Railway Co. until four years ago, when his health began to fail. They then moved to Mazomanie, where three of their children reside. Mr. and Mrs. Bohr were the parents of eleven children, six of whom are living: Mrs. Emil Ramthun, of Richfield, Wis.; Andrew, of Mazomanie; Mrs. John Scholgh and Mrs. J. Scholgh, of Mazomanie; William and Mathias, Jr., of Milwaukee; and there are four grandchildren. Mr. and Mrs. Bohr received the congratulations of many friends, also many gifts, and a very pleasant day was spent by all who were present at the celebration.

## Policeman Will Not Resume Duties On Madison Force.

Matthew B. Lynam will not resume his duties as a policeman in Madison according to action taken at a special meeting of the board of police and fire commissioners Wednesday night. He tendered his resignation, but asked to be re-instated before resignation was acted upon. The board declined to re-instate, but accepted the resignation. Lynam was suspended from the police force by the chief following the fatal shooting of Carl Jandorf, university sophomore, last May. During the summer he was employed by John F. Icke, contractor. He has continued to receive his regular pay as a policeman. Under the state law he can be re-instated or discharged only by action of the board of police and fire commissioners. Lynam is now waiting the outcome of the trial of Lynam.

## How Not To Take Cold.

Some persons are subject to frequent colds, and others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting their feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

Forewarned is something a man gets when he is too old to have anything to look forward to.

## ELLSWORTH & MATHER

### Construct 1,461 Miles of Road.

The Wisconsin highway commission has just completed its last quarterly report for the year 1920, which comprises also a review of the work done for the whole year. Work progressed, the report says, better than anticipated at the beginning of the year, and though approximately \$2,000,000 worth of federal aid construction goes over until 1921, yet the accomplishment of the year is highly satisfactory. Road building completed in 1920 is as follows:

Earth construction...	629 miles
Gravel...	624 miles
Top soil and gravel...	136 miles
Gravel...	84 miles
Gravel...	84 miles

The most important bridge plans prepared during the year were those for a 500-foot reinforced concrete arch bridge across the Wisconsin river at Wisconsin Rapids.

### Forty Thousand Books Free to Readers.

There will be no lack of good free reading matter to fill in the long winter evenings on the farms or in the villages of Wisconsin this winter if one may judge by the activities of the Traveling Library Department of the Wisconsin Free Library Commission at Madison.

Within the past three months more than 40,000 volumes have been shipped to eager readers living in all parts of the state. More than seven hundred communities received collections of books—books of all kinds—for old and young, popular books of fiction, books of history, travel, biography, as well as practical books on farming or business.

In some communities these collections are placed in the village post-office, the barber shop, the bank, a store, or in a school where all who make their request, the people may have access to them. Such collections are loaned without charge providing the community will pay the freight and return them at the end of six months.

More than 2,500 individuals have received books by parcel post since the first of October. These borrowers have been paid by prepaid parcel post for a three weeks loan, at the end of which the borrowers return the books, paying return postage. This opportunity to borrow books free of charge is open to all citizens of Wisconsin, by addressing the Traveling Library Department at Madison.

### Home Brew Is Hit By Ruling.

Home brewers were hit by an unexpected decision of the treasury department Monday when it was ruled that all persons who make beer containing more than one-half of one percent of alcohol are subjected to a penalty of \$1,000 and an additional assessment of \$500. The home brewer is subjected to the penalty whether he has sold the beer or consumed it. The law as to home brewers is similar to the ruling made against the possessors of stills for the manufacture of alcohol. According to the announcement issued from Washington by Commissioner Williams, the possession of beer, whether made in the home or not, makes the owner liable.

You can't sell a man a gold brick twice. And you can't sell him useless old stock twice. But he'll go right ahead and get married the second time.

## LIFE HAD BECOME A BURDEN TO HER.

Mrs. Davies Says She Just Hated To See A Day Dawn Before She Got Tanlac.

"I know so well what it means to suffer that I just want to tell everybody about the good Tanlac did me," said Mrs. Ramona Davies, of 602 28th St., Milwaukee, Wis.

"I suffered a complete breakdown last spring, and got in such a bad condition my life was miserable. I lost my appetite, just didn't want to eat anything, nothing tasted natural, and I got to where I hated to even try to eat. 'I lost strength rapidly, didn't seem to have a particle of energy and actually dreaded to see a day dawn, for I felt so tired, weak and miserable I couldn't do my housework and felt little interest in anything. My nerves got in an awful condition, and, to make a long story short, my life was a perfect burden.

"A number of my friends had been benefited by Tanlac and on their recommendation I decided to give it a trial, and it helped me right from the start, and now I am in such good health I feel like an entirely different person.

"My appetite is so fine I even eat between meals, and what I eat tastes so good I can enjoy eating anything that I put before me. I don't feel tired any more, and am so much stronger my housework is really a pleasure. I enjoy playing my friends, and feel a new interest in life, for Tanlac had made life while again for me. I just wish everyone suffering as I did could know about this grand medicine."

TANLAC is sold in Mazomanie by Geo. A. Shields; in Mt. Horeb by C. C. Roberts; and in Sun Prairie by W. L. Schultz.—Advertisement.

## Ringling Circus Will Take Road In Spring.

The Ringling Brothers-Barnum & Bailey circus will take the road again next spring under the sole ownership of Ringling brothers, despite a widely published rumor that the Ringling brothers had sold the circus to the Ringling Brothers-Barnum & Bailey circus.

## Catholic Lay Plans For \$5,000,000 Drive.

Over 250 Catholic pastors and communities from all parts of the state met in a meeting in the auditorium of the Holy Redeemer school at Madison, Monday afternoon, for the purpose of making preliminary plans for the United Catholic campaign, which will be opened in a few weeks. A total of \$5,000,000 is desired for expenditures for the St. Francis Seminary in Milwaukee and other charitable institutions in the archdiocese of Milwaukee, Green Bay and La Crosse. Every parish was represented.

## Storm Wrecks Naval Radio Tower.

The tower of the U. S. radio plant at Manitowish, Wis., collapsed, Wednesday, during a heavy sleet storm, and was completely wrecked. The tower was 200 feet high and was built on a foundation through the roof of the building on which it stood. The plant was under control of the Great Lakes naval station and had a coast-to-coast radio. It has been used in connection with the operation of Lake Michigan car ferries. Several weeks will be required to rebuild the tower.

## Eighty Pardons in Two Years.

More pardons were granted by Governor Philipp during the past two years than the previous two years of his administration. A complete report of the pardons granted will be sent to the legislature this week by Governor Blaine. This must be done in accordance with law. The report for the two years closed December 31, 1920 shows that eighty pardons and conditional pardons were granted. For the two years previous, ending December 31, 1918, that report shows that sixty-six pardons and conditional pardons were granted and thirty-three commutations of sentence.

## Useless Trips Banned.

Frequent junketing trips by state department heads, school superintendents and others who are in the habit of attending conventions and meetings have been banned unless absolutely necessary, the governor's office announced Thursday.

## Madison Navy Office Closed.

Navy enlistments in Madison came to an end Friday, when the office equipment and the Y gun of the Madison station were sent to Milwaukee. The recruiting officers expect to be called into active ship duty within ten days.

## A Grandson Of A 12,000 lb. Cow

Born Nov. 24, 1920. Sired by King Marylande Carlotto, whose dam made 17,000 pounds of butter in 7 days as a two year old.

His dam, a two-year-old, milked 980 pounds of milk and 53.65 pounds fat for the month of December. She is large and growthy for a heifer and promises to make a good cow.

The bull's grandmother has a year record of 12,075 pounds of milk and 497.75 pounds of 80% butter.

This bull calf is a fine individual, mostly white with black markings, and good enough for any herd.

## No! Figures Won't Lie, But They Are Mighty Deceiving, Sometimes.

Editor Sickle:—

As to the raise in telephone rates:

When the Bell Co. bought this local line of Mr. Leyda, it was after a very distressing storm and the line was only partially restored. The expense of course was considerable to put it back in condition.

But let me ask, if a farmer, merchant or manufacturer meets with a loss from fire or other unforeseen elements, does it make his products worth more? Should they be sold for a higher price and the rate fixed for several years to come? And let me say, if any private business in Mazomanie or county was to be conducted as the Bell telephone business has been conducted on the Mazomanie lines, that business would go to the wall.

Two or three years ago, in rebuilding the lines, Nick Gier with his team was hired for several weeks at \$7 or \$8 a week. He has told me that when he drove a gang of men out one or two miles, he would pick up a shovel and want to go to work. He would be told to "get back into his wagon; they didn't want him to work." A year or so ago, when five to ten men with team were here for weeks, they would leave Hann's barn 8:30, 9:00, and 9:30 in the a. m., and back and team put up at 11:30. The same way in the afternoon. There was no uncommon occurrence. And it has been on the basis of such expense as this that our rates have been fixed by the state commission for several years to come. Besides, I am told that the 'phone company made no accounting for the money taken in on long distance 'phones, which is no small item.

I would ask anyone who knows that 2 and 2 make 4 if it is reasonable to think that the Bell Co. would run this business at a loss of several thousand dollars a year in the past, and claim that the new rates would still leave them several thousand dollars behind, and yet ask that the commission fix this rate for a term of years? Tell it to Grumpy! A glance at the price of Bell Telephone stock will convince one whether it is a big paying business or whether the company is running this line for the accommodation of the "dear people." But what can be done? If half of the 'phones are taken out the expense to the company is just about the same, who can say that at the end of the year a set of figures "which won't lie" will be taken, to the commission and a double rate asked? Would the rate commission do that? Well, we can only hope to see the day when the rate commission will be able to do that.

combine. Throw out every 'phone, then let the company make a new and reasonable rate or get out of the way for someone else. But I would say to the parties who signed a petition to the 'phone company asking that their rates be raised, if I had done such a trick as that, I would swallow my medicine and say nothing.

## OBITUARY

Mrs. Mary Kiley.

Mary Elizabeth Lockwood was born in Barnestry, Yorkshire, England, February 1, 1843. She came to America with her parents in 1845, and they settled on a piece of land called "Long Breaking," in Halfway Prairie, near Mazomanie, later moved to Mounds Creek. She was married to Reuben Royston, in the town of Black Earth, October 29, 1860. They then moved to Mazomanie, which has been her home for the past sixty-one years. To this union four sons were born, three of whom have preceded her in death. Her husband died in 1869.

In 1872 she was united in marriage to Daniel Kiley. To this union were born three sons and a daughter. She leaves to mourn her death: four sons and one daughter: John Royston, D. F. Kiley, of Madison; James Kiley, of Dodgeville; C. S. Kiley and Mrs. Catherine Lawrie of Mazomanie; thirty grandchildren and nineteen great-grandchildren.

Mrs. Kiley was one of the pioneer settlers of Mazomanie. She died at her home here, Saturday evening, January 15, 1921, at 6:30. The funeral was held on Tuesday, with services at St. Barnabas' church at ten o'clock a. m., conducted by Rev. Father Stier. Interment was made at St. Barnabas' cemetery. Six grandsons officiated as pall bearers.

Among relatives who attended the funeral were: Mr. and Mrs. James Kiley, of Dodgeville; Mr. and Mrs. D. F. Kiley, John Royston, Mr. and Mrs. M. W. Graft, Earl Royston, Mrs. Walter Koebe, Mrs. Lester Koebe, Richard Royston, Reuben Royston, Mrs. Wm. Kelley, Mrs. R. D. Smith, Mrs. Jack Trengouning, John Cooper, Raymond Cooper, Mrs. Bessie Joachim, of Madison; Glen Kiley, Mr. and Mrs. Mike Kiley, of Blue Mounds; Mrs. D. D. Shea, of Arena; many other relatives from Black Earth and the surrounding country. The funeral was largely attended.

### Card of Thanks.

We wish herewith to extend our sincere and most heartfelt thanks to all who rendered us such kindly assistance during the illness and burial of our beloved mother, for the words of sympathy spoken, and for the floral tokens of respect and love for our dear one.

of Mounds Creek, where the family resided for many years, died at the home of his daughter in Chicago, last week Thursday. The body arrived here Friday evening, accompanied from Chicago by the daughter and her husband. The funeral was held Saturday morning, with services at St. Barnabas' church, conducted by Rev. Father M. G. Stier, and interment in St. Barnabas' cemetery. Deceased was about sixty-eight years of age. Mrs. Roach died at West Allis, and was buried here a few years ago.

—Miss Louise Peters, a sister of the late Mrs. C. R. Vogt, and who made her home with this family, died at eleven o'clock p. m. on Tuesday, January 18, 1921, after an illness of several months. Miss Peters was born in Mazomanie, February 23, 1868, and has always lived here. She is survived by one brother, Chas. Peters, of La Crosse, and other relatives. The funeral will be held at two o'clock this (Friday) afternoon, with services at the home, conducted by Rev. Geo. V. R. Shepard, of the Community church. Interment will be at the Mazomanie cemetery. Chas. Peters, of La Crosse, Mr. and Mrs. Harry Vogel, of Minneapolis, and Mrs. Percy Vogel, of Chicago, have arrived to attend the funeral.

### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife re-examines her supply of household necessities. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

You can't make a wife believe that her husband's business ever gets so important that he needs a girl secretary.

A man has no trouble in getting married if he is so fixed that he is in a position to pay alimony.

# The Future of the Automobile and of Your Business

## Vast Building Program Assures Prosperity

Your business will prosper just as soon as work upon the greatest building program America has ever known gets under way.

The immediate plans call for railroad improvements, new highways, thousands of homes, hotels, hospitals, bridges, sewer, and water extensions. The requirements exceed ten billion dollars in value.

Public work in every part of America has been neglected for three years. High costs and labor shortage last year caused the abandonment of nearly all such projects. Now material prices are at lower levels than in months. Labor is eager to work. There is no real shortage of money. It is available for all necessary developments.

### What It Means To You

Raw materials will be required. Men will be employed to build and repair. They will buy the articles they require. A hundred million people are wearing out clothing and shoes faster than such articles are now produced.

The world's shelves are almost empty of thousands of needed articles. The present is not a transfer from one activity to another. The demand for new work is so urgent it cannot be long delayed.

### Remember What Was Said When War Ended

Hard times were predicted. Few saw how work could be found for four million men if the army were demobilized before industry could change from making war materials to peace time products. Merchants refused to buy, expecting falling prices. Manufacturers slowed down production.

Yet within six months there was a shortage of practically everything. Forced production—even more intense than during the war resulted.

Prices went up and when they had gone beyond reason in many lines people stopped buying.

Everyone can afford a little bit of pleasure and are entitled to. So come out and enjoy our excellent photo plays.—Majestic.

—Children of four and five years of age cannot be excluded from attending public schools whose kindergarten are not established. This edition was submitted to C. P. Cary, state superintendent of public instruction, by Attorney General Wm. J. Morgan today.

—Mrs. Morgan's first official opinion since taking office Monday 4/Children of this age cannot be compelled to attend kindergarten even if they are established. Mr. Morgan ruled.

—The Federated Workers will hold an afternoon "coffee" at the residence of Mr. and Mrs. Geo. Shields on Friday, January 28th, beginning at three o'clock. A cordial invitation is extended to all.

—The following business men in the village, thinking the present telephone rates are unreasonable, have agreed to have their telephones taken out: Butz Bros., Roy Paylow, Morrish & Sons, H. E. Taylor, Davies & Son, H. J. Lindley, Wm. Rlenow, W. C. P. Weinschenk, H. L. Swan, Geo. A. Shields, Henry Lapley, P. Reeve, W. Stachman, Ellisworth & Mathis, Paul Weisch, T. H. Wilson, M. J. Zangl, Wm. Griffith, Ben Wehn. In addition to these the telephones have been ordered out of the power house, the high school, and a good many of the residences both in the village and on the rural lines, according to a list submitted for publication.

**The New Cold Dealer.**  
We wish to say, and we can prove by those who have bought coal from us that we are selling the best quality of coal to be gotten. The coal we have on hand now we charge \$11 a ton. At that it is cheaper than other coal at \$7.00 a ton. It lasts longer, and has no soot, and no fine stuff. All bills for coal must be paid at Paylow's store, and we must get cash for our coal, as we are selling at a small margin.

**Notice To Town Treasurer.**  
The town board of the town of Mazomanie has extended the time for paying taxes without penalty to March 1st, 1921. Beginning January 17, I will be at home to collect taxes only on Mondays, Wednesdays and Fridays.

## How Long Is It

Since you've even heard mention of a Suit or Overcoat tailored to order in all pure wool at less than \$25.00? Yet here are those good old fond prices of yore, harking back from the ante-bellum days. The 100-cent clothes dollar is back—thanks to the transportation provided by the Royal Tiger.

Not a house in the field will come within gunshot of matching these prices; neither today nor six months from today. We put this sale forth under that label with that challenge to all comers who court comparison.

### Onion Weather Prophet.

January, February and March will be cold with plenty of snow, according to Emil Baendel of Marshfield, the local weather prophet. His knowledge of the weather, he says, is obtained by studying the skin of an onion, the season always taking place between the hours of 12 and 1 o'clock new year's night. He says "April will be mild with considerable snow and rain. Although it will be a bluster month. June will be very weak and the opposite of May. July will be very dry and warm to be followed by much rain throughout the months of August and September. October will be dry followed by many storms of rain and snow during the months of November and December."

### One View.

Not satisfied with being allowed to take a human life without provocation and corpse punishment, the Madison policeman will now ask that the city pay the expense of his trial besides paying his regular salary while off the job awaiting trial. But what could you expect otherwise when he is harassed for shooting an unarmed lad who was out for an evening of fun?—Richland Democrat.

### Giving Some.

The Nebula Dryer, No. 384, in the constellation of Cetus has broken all known speed records of the heavens. It is dashing through space away from the earth at a velocity of almost 2,000 kilometers a second, the highest speed ever attained by a celestial object. This was the word received at the Harvard college observatory from Dr. V. M. Slipher, of the Lowell observatory, Flagstaff, Ariz.

## THE AMERICAN RED CROSS IN PEACE TIME

Health Promotion

Health is at the foundation of human happiness. Through its Rural Service, Public Health Nursing Service and Health Center Service, the American Red Cross aims greatly to strengthen this foundation and to draw more closely than ever the selfish ties that bind the American people together. Here is shown a Red Cross Public Health nurse attending a young mother with a brand new baby, seeing that both receive scientific care.

### Do Things Right at Biron.

The village of Biron, with a population of seventy families, or about 350 men, women and children, has erected a \$52,000 memorial community hall. Biron, about nine miles from Wisconsin Rapids, is a paper mill town, and this little village had so much money in the treasury that the people used to sit up nights scratching their heads and wondering what to lay with their surplus wealth. So they built the community hall as a memorial to service men and women. It contains an auditorium seating 300 persons, more than the total population of the village. There are chambers for the village council, a billiard room, bowling alleys, reading and lounging rooms, women's locker rooms and shower baths; and halls for lodges, the Boy Scouts, the Camp Fire Girls, and other organizations. It is said to be the finest men's hall erected in Wisconsin.—Reeds Urges.

### No Potters' Field For Smith.

The potters' field will not get the body of John Smith, aged recluse who shot his dog, then himself, at Ashland, recently, after being told he would have to desert his dog if he wished to enter the potters' field. George P. Crater, Jr., of New York and Madison, Wis., has announced that he will buy the body.

Funeral for Smith and his dog. Expenses would be defrayed by Crater, who is reputed to be a fancier of animals.

### Dead At Age Of 120.

Mrs. Dick Hlasek, reported by her daughter to have been 120 years old, died at Wittenburg, Wis., Wednesday at her home. Many pioneers of the region said while they could not determine positively her exact age, she was over score of years beyond the century mark. Her daughter who lives near here, is 86 years old.

### \$3,000 Damage In Blaine.

Over \$3,000 damage was done by the fire early Wednesday morning in the West Side Garage, 611 University ave., Madison, owned by Ralph S. King and T. O. Helekan. The fire was discovered at 1 o'clock and fire departments No. 2 and No. 4 responded. It is thought that the blaze started in a Ford sedan. About twelve cars were damaged, several had the cloth tops.
