HYMENEAL

Trager-Kaiserman.

The marriage of Miss M. Gretchen Kaiserman, daughter of Mr. and Mrs. John M. Kaiserman of Richland Center, and Harry Edward Trager, of Mazomanie, took place Monday afternoon, August 15, 1921, at five o'clock. The ceremony was performed in the German Lutheran church of Madison by Rev. Wilke, a life-long friend of the family, Mr. and Mrs. Henry Charles Taylor, of Madison, being the attendants. The bride wore a handsome gown of blue and gray Canton crepe.

Mrs. Trager is a graduate of the Richland Center high school, the County Training school of the same place, and the Carlton Conservatory of Music at Northfield, Minnesota. For five years she has held the position of teacher of music in the public schools of Mazomanie. During this time she has made a host of friends who rejoice that she is to have her home here, where a modern residence is being built by the groom.

Mr. Trager was born and brought up in Mazomanie, and here for some years he has conducted a very successful business. He has served as a member of the village board for the past five years, and has been elected at all times to give of his time and talents to further the best interests of the community. Heart congratulations and sincere good wishes are extended to this newly-married couple as they begin their wedded life.

In Zane Grey's Greatest Story,

RIDERS of the PURPLE SAGE

In Multiple Reels—Three Hours' Show.

The play starts with the abduction of a girl by a powerful dignitary of the Mormon cult, and tells a thrilling story of years of persistent and vengeful search by her brother for the man who wronged her.

The first of a series of pictures of this kind, over their followers at that period is strongly revealed, and to students of American history the picture will prove an amazing narrative of a factor in the great west's growth that is not universally known.

Nearly everyone has read these popular Zane Grey stories, "Riders of The Purple Sage," and its sequel, "The Rainbow Trail." Now is your chance to see both of these excellent stories on the silver screen, in motion pictures. ("Rainbow Trail" September 2, 3.)

A MILLION DOLLAR BABY

Naturally, those who see this head-ling expect to read about some "baby heir" of an American multi-millionaire, and they will be surprised to learn that such a description applies to a scientific pyorrhea preventative, tooth and mouth preparation, and they will doubtless wonder how such a product ever came to be spoken of as a "million dollar baby." So the story must be told. Over three years ago, the Research Department of the Research Company, in consultation with chemical specialists, began an exhaustive investigation into the disease Pyorrhea, and its proper treatment, and in their characteristically thorough way spent over two years before they perfected a compound which answered every test, according to their high standards. Such a remarkable claim has been created that they have named it "The Million Dollar Baby." Probably no previous claim is devised for use as a germ combater was found so efficacious in preventing all contagious diseases that enter the system through the mouth and nose as Klenzo Liquid Antiseptic. Especially was it proved that use of it completely escaped all attacks of the flu when so prevalent last year. This Retail product can be purchased in 25c. and 50c. special toll bottles at

The first annual Dane county picnic of the Equitable Fraternal Union will be held at Monona Park, Madison, Sunday, August 21, under the auspices of Madison, Assembly No. 87. All members of the order and their families and friends are invited.

The field day at Black Earth, Monday, attracted a large number of our citizens. The ball game between Stoughton and Mt. Horeb resulted in a score of 19 to 11, in favor of the latter. More than four hundred tickets were sold for the game in the evening.

Dr. J. W. Kester received word, Wednesday, of the death of his nephew, Frank Spicer, at a hospital in Chicago, following an injury in the railway yards the day before. Mr. and Mrs. Kester and family will attend the funeral, which will be held at Reedsburg, today.

Joseph E. Schillingway, of Waukegan, was acquitted of the charge of having driven an automobile while intoxicated by a superior court jury at Madison last week. The charge was made by Thomas Redin, of Chippewa Falls, who alleged that Schillingway was drunk when he ran into the former's car on the Middleton road two weeks ago. Schillingway was injured and was in the hospital three days.

Plane Tuning.
Mr. G. C. Becker, expert piano tuner and repairer, is highly spoken of here, having tuned several pianos in and around Mazomanie. For references inquire of Mrs. H. L. Post, music teacher. Mr. Becker will be at Mazomanie on or about Monday, August 22, as he has more work to do here. Better have your piano tuned now, while he is here. Leave all orders with Mrs. H. L. Post, music teacher, Mazomanie, Wis., or address G. C. Becker, Mt. Horeb, Wis.

Reelart Special Features presents the beautiful and winsome stage and screen star, MISS BEBE DANIELS, playing a dual role, and a strong supporting comedy all star cast in "Two Weeks With Pay," adapted from the Saturday Evening Post story. In this picture Miss Daniels plays the part of a shop girl whose employer equips her with a very gorgeous wardrobe and sends her to an expensive hotel, hoping that her beauty will attract attention and advertise his costumes. The first part of the plot works out very well. Somebody starts a rumor that pretty Pansy is a famous actress resting incognito, insinuating that she is Miss La Tour a famous woman and high diver. For this special double show were arranged that show to perfection the difficult art of leaping off a thirty-five foot platform. In addition to the feats of Miss Daniels, Althea Allen, champion woman champion diver, gives a series of exhibition dives. With this cast are also Walter Hires and Jack McMillin, noted comedy stars.

Photoplay is full of thrilling acts of strength, love romance and adventure, a photoplay you will never forget, once seen. Please tell your friends that "Riders of the Purple Sage" is on full blast at the Majestic, three nights next week!

OF LOCAL INTEREST

—Mrs. W. T. Calkins was injured in an automobile accident, Sunday, when their car, driven by Mr. Calkins, collided with a Buick, owned by a Baraboo man, at the Calmar corner. Mrs. Calkins received a severe scalp cut, requiring medical attention. Their car was badly damaged.

day, and are visiting at the home of Mr. and Mrs. E. Fosterling. Mr. Dussault has just received his discharge after three years of army service, and with his wife arrived at New York a week previous to their arrival here.

—Mr. and Mrs. W. A. Haseltine, Miss Dorothy and Raymond Strauss; Mr. and Mrs. N. C. Kirtz; Curtis Beech and E. L. Case drove to La Crosse, Friday, the Strauss to con-

tinuing the attraction. Messrs. Case and Beech bore visible evidence of their ride, occasioned by a bump in the road.

—Mrs. William Carroll and four children, William and Harry, Misses Verna and Lulu, of Waupun; Mr. and Mrs. Wm. Herrling and son, Roy, of Madison; Mr. and Mrs. Fred. Brown and daughter and Mr. and Mrs. John Vock, of Arena were visitors with Mr. and Mrs. Phillip Hamm and family Sunday.

—Martin Miller, of Roxbury, was fined \$50 and costs, amounting to over \$75, in the court of Justice H. L. Halsted, at Baraboo, on the charge of illegal fishing. Game warden F. A. Dockham made the arrest at Sauk, where it is said the defendant was fishing with a net below the dam in the Wisconsin river.

—Alfred Howard, proprietor of a barber shop at Madison, suffered a fractured collar bone and severe bruises, Sunday, when a Ford roadster in which he was riding turned turtle on the road near Mt. Horeb. Two companions in the car also were bruised. They were on their way to see the ball game at Mt. Horeb. Mr. Howard is now at the home of Mr. and Mrs. Milton Billig, in this place.

—Two men from Mt. Horeb, driving a Ford, bumped into a Buick driven by three men from Pennsylvania, at the intersection of the two roads on Friday evening. The Ford lost its radiator, and the gas tank of the other car was dented. A wordy battle followed, and the village marshal had to intervene. The Mt. Horeb men were said to be somewhat "under the influence," and may yet be haled into court.

—Miss Verla Caldwell, daughter of Mr. and Mrs. Wallace L. Caldwell, of Monks Creek, and William J. Cawthon, of Prairie du Sac, were united in marriage at four o'clock Thursday afternoon, August 18, 1921, the ceremony being performed by Rev. W. P. Burrows, at the home of the bride's parents, in the presence of the immediate relatives. After a short wedding trip, they will make their home at Prairie du Sac. Many friends extended congratulations.

—W. A. Kerr, of St. Paul, Minn., sends us the following: Fred Swain, of Minneapolis, Minn., formerly a resident of Mazomanie, passed away in the night, at the residence of his daughter, Mrs. M. Garbett, with whom Mr. and Mrs. Swain have lived for a number of years. Though about eighty years of age, Mr. Swain was a remarkably well preserved man and active up to about a week before his

death. In the early days of Mazomanie he worked in the Thompson Flour mill. He had many friends among the older residents of this village who will sincerely regret his passing.

—The six railroad crossings between Middleton and Cross Plains will be eliminated by the improvement to state highway No. 11 that will be completed this fall, according to John A. Hazelwood, of the state highway commission. The crossings have been a constant peril to motorists. The changes in the highway, which is laid out on the north side of the railway track, will avoid each of the six crossings and will cut out many sharp turns in the road. Highway No. 11 is the direct route from Madison to Superior. It passes through Mazomanie, Highland Center, Virgo, La Crosse, Galeville, East Chalm, Chippewa Falls, Bloomer, Rice Lake, and Spooner.

Same Old Story But A Good One.
Mrs. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to do dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."

Drowned in Devils Lake.
One T. W. student, Clarence Williams, of Madison, and Miss Minnie Volles, of Baraboo, were drowned in Devils Lake, and another University of Wisconsin student rescued shortly after nine o'clock, Monday night, when a rowboat, in which they were crossing the lake, sprang a leak and sank 300 feet from the end of the campus on the north shore. The bodies have not yet been recovered.

The Dane County Fair.
The biggest show of the year is scheduled at the Dane County Fair, Madison, August 23 to 26, according to Secretary M. M. Parkinson.

It can't be an exhibit of women's hats, but of a herd, but the display of live livestock.

There'll be big draft horses of all breeds with their manes in a braid, a Sis Hopkins, decked out in ribbons of all colors; and all ready for the show ring.

There'll be dairy cows with polished horns, big udders filled with pails of milk, and hocks all manured by hovering attendants.

Hogs all scrubbed up with the scrubbing brush, and rooting around in pens filled high with clean straw, will interest everyone.

Sheep all trimmed up with backs as flat as a table will please young and old.

Livestock worth thousands of dollars will be exhibited at the fair this year," announced Secretary Parkinson.

"And it'll be in the finest of shape, too. There won't be a person at the fair who will be dressed as correctly or with as much style as the horses, cows, hogs, and sheep, exhibited there."

FINANCIAL COUNSELOR

Where Individuals May Have Their Money Problems Solved.

By EDGAR TAYLOR WHEELOCK, (Copyright, 1921, American Trust Co.) Would you like to own your home? Go to your community banker and learn how to open an account that will grow to be the first step toward freedom from rent-paying.

Are you thinking of making an investment to accumulate capital for investment in a paying business? Your banker will explain how this can be accomplished.

Invest Savings With Care. Have you been solicited to invest your savings in the stock or bonds of some industrial enterprise? Before doing so ask your banker to look up the character and financial standing of the company offering the securities for sale.

Are you in the market for a mortgage, or is it necessary for you to mortgage your property to meet pressing obligations? Go to your banker with the problem and he will explain how you can solve it to the best advantage.

Do you want to discount your bills in order to take advantage of the opportunity thus afforded to make a substantial saving? Your banker will tell you how you can make the turn.

Bankers Are Human Beings. Thousands of persons who should take their financial problems to the banker are prevented from following that course by the mistaken notion that the banker is something of a business aristocrat, a sort of super-businessman with about as much warm blood in him as a cash register, a comptometer or the multiplication table.

As a matter of fact bankers are human, precisely like the rest of us. In money matters they are forced to be cautious because every smooth swindler in the land is out to get the better of them. They are handling other people's money and dare not take chances. This makes them safe counselors.

It is the banker's business to furnish financial counsel to individuals who may have enough common sense to appeal to him when occasion requires. The merchant who wants to borrow money to discount his bills; the farmer who is thinking of buying a new reaper or a registered bull; a professional man or wage earner looking for a safe investment for his savings; the man who is determined to cut out some foolishly extravagant habit and open a savings account—all these people, and all citizens of the community, should cultivate intimate relations with him.

We are told that the industries of this country must be reorganized and restored to a normal basis before recovery can be achieved. This is the only way to bring about the recovery of the Thrift Spirit which enabled us to finance the great war and to end that the greatest measure of success may be attained, the banks must be made the center of the movement.

Styles these days may make tall women look short, but they make all men look long.

Hot Weather Diseases.
Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.
