LEMBERGER ARRESTED

Charged With Slaying Little Daughter With Beer Bottle.

Martin Lemberger, father of Anne Lemberger, seven-year-old Madison girl, who was killed at Madison in 1911, is in the Dane county jail, charged with second degree murder, and Mrs. Lemberger and their son Aldo, are also in jail, charged with perjury, as the result of sensational developments in the pardon hearing of John A. "Doc" Johnson, who has served ten years at Waupun for the murder of the child whom he confessed killing.

Threats that he would "choke her" if she ever told the terrible story of the murder of the child have kept Mrs. Mae Sorenson, a neighbor of the Lembergers silent for the ten years, according to her testimony at the pardon hearing Wednesday morning.

Lemberger was arrested while on the stand as a witness Wednesday morning. The warrant, sworn out Wednesday night by Judge Hopmann of the Superior court, was served him in the senate chamber, before the throng that packed the room to capacity and cheered loudly as the charges were read by Sheriff William McCormick.

Opening the hearing O. A. Stolen, attorney for Johnson, said that he was prepared to prove that Lemberger had caused little Annie's death by a blow with a beer bottle while intoxicated.

Hall for Lemberger was set at \$10,000 and for the wife and son \$1,000 each, which it is understood was supplied by relatives Thursday afternoon.

For the Cost of Four Battleships.

Denver Post: The cost of four modern battleships would build two national hard surface highways, one from New York to San Francisco, the other from the Gulf of Mexico to Canada; the four battleships will be obsolete in ten or fifteen years, the highways will stand forever. We have started a movement asking government to build these highways under supervision of army engineers. This would give employment to several hundred thousand, demonstrating the money generally goes to the people, increasing real estate values all over the country, starting a period of national internal improvement that would stimulate all values everywhere. These national highways are needed, will be built some day, why not now? The whole thing is sane, practical and wise.

Fredie—No—Just the mud.

—Dane county will have no women jurors until the March court term and what proportion will be called for the jury panel then has not yet been determined. William Fehlandt, one of the three jury commissioners, states, "The jury panels in Wisconsin must contain the names of a number of women according to the state law passed by the legislature late in the last session, and commissioners have been instructed to draw their new panels accordingly."

—Vioia News: A few days ago E. R. Cushman had a misfortune to step on a nail, which penetrated his foot. He dressed the wound as best he could

and thought nothing more of it until last Wednesday, when it began to pain him, and he called a doctor, who opened the wound and found it infected. On Thursday morning E. R. woke up and found that his jaws were hurting. Upon reporting to the doctor it was found he was suffering with lock-jaw, and was immediately rushed to one of the hospitals at La Crosse, where he is in a critical condition.

—The lightning loss of the country is \$8,000,000 a year in property, with a loss of life greater than that of the railroads, says the Wisconsin Industrial Commission. In Wisconsin alone, in 1920, lightning fires destroyed nearly a million dollars' worth of property—an excessive amount compared with that of the whole country. The Wisconsin commission urges the erection of lightning rods, which, after a period of great popularity a generation ago, fell into disrepute as a fraud on the public. But they now have scientific approval.

—Albert Youngblood, 28, Middleton, was fined \$100 by Judge Claude Z. Luse in the U. S. district court Monday morning after pleading guilty to having moonshine in his possession on Dec. 24, 1920. Upon recommendation of U. S. Dist. Atty. W. H. Daugherty, the young man was given a light fine. It was his only offense. He told the court that he had obtained the liquor through a friend in Milwaukee and that he had secured 17 quarts and two pints to stage a celebration in honor of his father and brother, whose birthdays fell on Jan. 1, 1921.

The per capita fire loss for 1920 in this country is \$4.73. In Europe, 33c.

State Moonshiner Union Called Myth

That there is no statewide "moonshiners' union" in Wisconsin, as is reported by federal agents, is the belief of W. Stanley Smith, state prohibition commissioner. "It exists only in the

new craze of the state," he said. "Its purpose is to 'take the first man raised can warn others'."

The Right Place

Gertie: "Where does Dora get her fine complexion from, her mother?"
Bertha: "Oh, her father, he's a druggist."

Hence The Expense.

"This dinner cost me over \$10 a plate, old man."
"Just cabbage and potatoes?"
"I raised these 'vegetables' myself."

Always.

Hubby: "Couldn't you be much of a marksman, my dear?"
Wife: "Why not?"
Hubby: "He's always making 'Mrs.'"

No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy, when the best remedy for diarrhoea is asked for, and do so because they know from what their customers say, that it can be depended upon.—Adv.

—Thomas H. Ince presents his drama of today, "Mother O'Mine," with an all star cast. Adapted by C. Gardner Sullivan from "The Octopus," by Charles Belmont Davis, supervised by Thomas H. Ince, and is an Associated Producers production. In multiple reels. A heart from the ledger of life. A pathos of the greatest love in all the world—the love of a mother for her son. You will cry a bit, perhaps, but through the glancing tears will shine a rainbow of joy and good cheer, for as a mother's heart radiates the blessings of faith and unselfish devotion, so does "Mother O'Mine" radiate that understanding and simple business which brings the world together as one, for one, looking onward and onward, with everlasting contentment smiling and beckoning, at the end, "Mother O'Mine" just finished a week of excellent capacity business at the New Strand at Madison. Some Mazomanie people have already seen this wonderful photoplay and endorse it very highly for its great merits. It's your only chance to see this splendid special big feature played in your own home town theater. We will admit we are saying a big price for this special, but our patrons want the best, and so does the management of the Majestic.

—With this goes an extra good Larry Sennet comedy, "The Head Walker."

outside help to solve the baffling series of crimes which have been committed in that neighborhood during the last few weeks. Dr. R. F. Fletcher, a veterinarian, had an exciting experience with gunmen last Friday night, when he was fired upon from ambush. The doctor was returning from a professional call and was only a short distance from the kindergarten school when several bullets entered his back. He is not believed to be in a serious condition. The members of the Lancaster orchestra were held up and robbed while returning from Plattville last Saturday night. F. Bellmeyer, a young farmer, was robbed the same night.

—Richard Democrat: Ray Zinta, (formerly of Black Earth) son of Mr. and Mrs. Henry Zinta, and for some months during the past year on employee of the Democrat office, died Saturday evening last, at the parental home in the village of Avoca. Deceased was stricken with an illness while on duty in this office and which his physician diagnosed as summer influenza. He failed to rally from the same and after two weeks' illness at his home, was taken to his home in Avoca. He appeared to be improving up to a week since, and his sudden passing came as a shock to his friends and acquaintances in this city. He was twenty-eight years of age, a capable printer, faithful employee and friend and in every way an exemplary young man. His untimely death is a matter of deep regret to all who knew him. Funeral services were held at Avoca, Tuesday afternoon, conducted by the Masonic fraternity.

A family gathering was held at the Frank Shovers farm home, on Sunday, October 2, in farewell to Mr. and Mrs. F. F. Shovers and daughters, Misses Gladys and Edith, of Northfield, Minn., who are moving to Chowchilla, Calif., to make their home. Mr. Shovers will take charge of the large Carlton College ranch there, and will open up and develop a part of the tract for dairy purposes. Those present at the gathering were: Mr. and Mrs. Christian Parman, Abner L. Parman, Mr. and Mrs. Aaron L. Parman, and three daughters, Mabel, Clara and Louise, John Walter, Mr. and Mrs. Ralph Walters, of Mazomanie; Mr. and Mrs. Ed. Parman and two children, Kenneth and Genevieve, of Prairie du Sac; Mrs. (Christian) Frautschi, Mr. and Mrs. E. J. Frautschi and two sons, Walter and Lowell, Mr. and Mrs. Roscoe Walters, Miss Maud Walters, of Madison; Mr. and Mrs. Fred Shovers and two daughters, Misses Gladys and Edith, of Northfield, Minn.

Only a Memory.
"I presume you carry a memento of some kind in that pocket of yours?"
"Precisely—It is a lock of my husband's hair."
"But your husband is still alive?"
"Yes, but his hair is all gone."

A Pronounced Success.
The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal—Adv.
