CHURCHES :: SOCIETIES

German Lutheran Church.—English services next Sunday afternoon at 2:30. All are invited.—Rev. C. Eliese, Pastor.

The Community Church.—Rev. Geo. V. R. Shepard, Pastor. Services, Sunday, April 16, 1922: 10:30, Morning worship; subject of sermon, "Our Vision of The Risen Christ." 11:45, Church school. 8:30, Christian Endeavor. 7:30, Easter concert by the choir.

Methodist Church.—Easter service next Sunday at 10:30 a. m. The pastor will give a short sermon on "The Resurrected Life." The Sacrament of baptism and the Lord's Supper will be dispensed, and who wish to unite with the church will be received.—Rev. J. C. Erwin will open a series of meetings in the Methodist church with "The Life of Christ in Motion Pictures" on Friday evening, April 21. No admission will be charged for these beautiful films, but a silver offering will be taken to cover expense. Remember the date, and invite your friends to come with you and enjoy the evening. We are sure everyone will enjoy meeting Rev. Erwin, and hearing his plans for the work he proposes to do in cooperation with the church, Sunday school, and League.—Rev. W. P. Burrows, Pastor.

Community Church Notes.

The Truth Seekers will hold their next meeting with Mrs. W. A. Handtke, April 17, at 7:30 p. m.

The interest in the work of the Teachers' Training Class under the leadership of Mrs. Ellis shows the work to be well worth while.

The C. I. T. C.'s, Miss Roberts' class, being the losers in the recent contest, paid the forfeit by entertaining their successful competitors, the Boy Scouts. A good time is reported.

The C. E. is steadily growing in numbers and we believe in spiritual strength, also. It is a real pleasure to hear how well the members do the work assigned them by the leader.

The services Easter evening will be held at the mission of the church, the

anthem books. A cordial invitation is extended to everyone to attend. Let us cheerfully support this organization, one of the most faithful and helpful connected with our church. The following program will be given:

Voluntary—Holy City.

Prayer.—Messrs. Jones and Ellis.

Antiphon—The Resurrection and

The Life, Miss Laws.

Selection—Solo—O, Shining Light.

Mrs. Mabel Woolrich.

Male Quartette—Jesus Loves Today.

Messrs. Bestor, Voss, Jones, Ellis.

Recitation—An Easter Legend.

Waneta Shields.

Antiphon—The Glory of Victory.

Dawns, Nellie Sholtz.

Solo—Easter Song.

Genevieve Post.

Music—Selected.

Marionelle Guld.

Recitation—The Sentinels Who Fled.

From Their Post, Robert Griswold.

Duet—Spirit Divine.

Mrs. M. M. Mehead, Mrs. Post.

Antiphon—My Soul Exulting Sing.

Choir.

Recitation—Easter Memories.

Edith Mathewson.

Ladies Quartette—At Close of Day.

Offering.

Selection—The Story of The Resur-

rection, Mrs. Schaffer.

Antiphon—O, Sacred Hear Now.

Wounded, Choir.

Remarks.—Rev. Shepard.

Antiphon—Hosanna to The Living.

Lord, Choir.

Benediction.

MARKSVILLE

Robert Voss spent last week at Milwaukee and Port Washington.

Mrs. Margaret Bollenbeck is visiting with Mrs. Anna Schmale at present.

Mrs. Herman Warm who has been on the sick list for some time, is recovering slowly.

A large number of guests helped celebrate Rev. E. F. Scherbel's birthday anniversary on Tuesday.

Miss Ellen Evert, of the Halfway Prairie school, won first place in spelling at the contest given at Mazomanie Saturday.

A number of relatives and friends helped celebrate Erval Ketschke's birthday anniversary, Thursday evening.

Mrs. Anna Schmale celebrated her birthday anniversary on Wednesday of last week. A number of relatives and friends were present.

A number of relatives and friends gathered at the home of Mr. and Mrs. Leonard Thiel, last Sunday, to celebrate Mrs. Thiel's birthday anniversary.

Of Special Interest.

Mazomanie High school enters the contest this year. The speakers are all from the under classes, so in the future there might be looked for good prospect of a sure winner, if not this year. Come out and hear these young people and give them all the encouragement you can. Next Thursday night, April 20, is set for the local contest, in the Community church, at 7:45. There will be music. Price 15c and 25c. The winners of the local contest will compete at Black Earth this year, where the League is held. The winners from there go to the district contest held at Whitewater, May 6, and the winners from there compete in the state contest. The selections:

Part One:
Oration, "The Grandeur of Nations," Gilbert Lamberly
Oration, "Spartacus to The Gladiators," Mortimer Hayes
Oration, "Patrick Henry's Speech," Milo Beckman

Part Two:
Declaration, "A Second Trial," Josephine Zangl
Declaration, "The Little Rebel," Nellie Sholtz
Declaration, "Jean Valjean and The Bishop," Mildred Rasmussen
Declaration, "The Soldier of The Empire," Marion Linky
Declaration, "The Soul of The Violin," Lorraine Hodgson
Decision of the judges.

BLACK EARTH

Willis and Fred Turk were in Madison on business, Monday.

Dr. Lamson, of Madison, was a caller in this village, Tuesday.

Mrs. Frank Lincoln and son, Win-

fred, went to Madison, Thursday.

Miss Eleanor McKenzie went to her home in North Lake to spend the spring vacation.

The schools here began their Easter vacation, Thursday, the teachers going to their respective homes.

Mrs. Theodore Herring, Ed. Barsness and Christine Bennett were eastbound Tuesday.

The Black Earth school gave a play Tuesday and Wednesday evenings, which was well rendered and well patronized.

Arbuckle Acquitted.

Roscoe Arbuckle was acquitted of the charge of manslaughter in the case of the death of Virginia Rappe at his house party in San Francisco, Wednesday night. The jury was absent from the court room but six minutes. This is the third trial on this charge, the two previous trials resulting in disbursements of the jurists.

Hot Stuff.

Joe Neff invited Bob Janick to supper at his house in Riley on November 12, and gave him a drink that burned his throat, according to a complaint filed in the circuit court at Madison, Thursday. Janick asks \$1,500 damages. It is alleged the drink contained muriatic acid.

LOVELY TAFFETA FROCKS

Breathes there the woman with soul so dead as not to want a taffeta frock in her summer wardrobe? If such there be, she is invited to look at the new display of taffeta frocks or to study the picture above. She will find one and cannot spend her money to better advantage than to buy it. Taffeta frocks are fashionable, inexpensive, becoming. The same one will do for afternoon and informal evening wear. The model pictured is embellished with embroidered floral motifs.

Carping Criticism.

At a certain London store the decorative scheme includes a miniature fountain and a stock of goldfish. A small girl was overheard to remark, knowingly, "I suppose when they are grown up they are red herrings!"—London Post.

POSTPONED!

The American Legion Post of Arena, Elmer Haugen Post, No. 355, finds it necessary, on account of bad roads, possible quarantine, and other reasons in the interests of the public, to postpone the date of

OF LOCAL INTEREST

—We stated last week that William Schumann was ill at Sauk City. This was a mistake in name. We meant to say it was John Neumann who was ill. Latest reports are to the effect that he is improving. Both of these gentlemen are well known in this locality.

—The harness shop of C. J. Schoepherster, at Prairie du Sac, was partially destroyed by fire which broke out early Thursday morning. The inside of the shop was wrecked and half the stock ruined. The fire is thought to have been caused by crossed wires.

—Fred Swanstrom, of Waukegan, was held under \$4,000 bail to superior court at Madison, Wednesday, when he pleaded not guilty to a charge of embezzlement of about \$3,000. He will be given a hearing today. He is charged selling land that did not belong to him.

—Mr. and Mrs. G. L. Harris, of Wabpeton, N. D., spent several days of the present week at the home of Mrs. Harris' sister, Mrs. P. H. Davis. Mr. and Mrs. Harris and Mrs. W. E. Eller, another sister, of Janesville, are returning from a five months' sojourn in Florida.

—Hodgson, of Madison; Misses Cleo and Irene Voss, of Kenosha; Miss Helen Voss, of Delavan; Misses Olive Beeve, Marion Cullins, and Laura Parman, of Whitewater, are home for the spring vacation.

—I have four suits I carried over—one black, size 16; one blue, size 16; one blue, size 36; and one grey mixture, size 44. Am closing these suits out at \$5.00 each. The regular selling price was \$25.00 to \$32.00 each. These suits to be sold for cash, only, and no altering.—M. J. Zangl.

—State Superintendent John Callahan has sent out to school superintendents a letter concerning the observance of the 27th of April as the 100th anniversary of the birthday of General U. S. Grant, and the G. A. R. will highly appreciate what the schools will do in commemoration of the life and service of their old commander, and render such assistance as they can.

—Suit for over \$2,000 has been brought in the circuit court at Madison by the Roxbury cheese factory against Albert Looser, former manager, secretary, treasurer and book keeper of the company. Among other charges the company alleges that due to Looser's failure to keep books it was necessary to spend \$1,500 for an accountant to straighten out the records.

—Twenty-four of Dane county's best breeders have consigned some of their choicest animals to the spring sale to be held at the University Stock Pavilion, Friday, April 28, beginning at ten o'clock. Farmers who want to get the right kind of foundation stock for a future herd will have a chance to get exactly what they want from among the eighty head of cows, heifers, and bulls that are offered. The following Mt. Heron breeders are among the consignors: Lukken Bros., C. O. Tolfeisen, Andrew Jochem, Paul Heigerson, Peter Nacey, two Lukken.

—The Methodist church at North Freedom, Rev. J. Wilson, pastor, had at the beginning of January, 1922, a membership of fifty-four, a third of whom had moved away were living far out in the country. Several, as is often true, were inactive even though still living in the village. Evangelist James C. Erwin, who represents the department of evangelism of the Methodist church, spent three weeks at North Freedom in February and March, the meetings closing March 19. The district superintendent, Dr. R. A. Chase, was in charge of this meeting when fifty-six were received into membership. Rev. Erwin is scheduled to spend three weeks assisting Rev. W. P. Burrows in the local Methodist church, from April 21 to May 14.

—Several teachers from rural districts were greatly benefited by the opportunity to observe the work of the Mazomanie teachers, last Friday morning. A conference was held in the afternoon, classes being suspended in the grades. Miss Habernicht stressed the importance of silent reading in this age when rapid reading is necessary. Tests are published, enabling a teacher to determine the efficiency of each child; although simple graphs are often kept. The teachers correlated this work in various ways. The problem of seat work in the lower grades was solved for many, after ideas were exchanged. Verifications were given for general exercise work. Every teacher valued this opportunity to pass on and receive suggestions to better their work.

—The making of home use was held to be a violation of the Prohibition enforcement act by the Supreme court of Wisconsin, Tuesday, in an opinion deciding the issue involved in the case of the state against Curtis Nelson, of Arena. Judge Jenkins, of Iowa court, has certified the case to the high court as one in which there was a great deal of doubt as to whether or not a crime had been committed, and had withheld sentence. The case is now returned to him for final disposition. Nelson was arrested by prohibition commission deputies on September 22, last year, after they had found thirty-seven gallons of wine containing an alcoholic percentage far in excess of that prescribed by law. He claimed that the state liquor law did not prohibit the making of home brew, and argued that there was no necessity of his having a permit to manufacture so long as the product was not sold.

THE MAPLES

Walter Schumann went to Madison, Monday.

Mrs. A. Hawley and son, Lester, left for a visit to Madison last Friday.

Mr. and Mrs. R. Turk and family were visitors at the Peter Halstine home, Sunday.

Mr. and Mrs. Will Schumann and Mrs. Henry Niendorf, Sr., were visitors at the Henry Niendorf, Jr., home, Sunday.

Mrs. Chas. Schwanke and daughter, Victoria, left for a visit to Indiana, last Saturday, where they will spend a few weeks with relatives.

The Agriculture Triangle from Madison was out to The Maples school, April 6th. They gave a very interesting program, which was enjoyed by all. Everyone was glad to meet them and they wished they could come again sometime.

The contest was held at The Maples school, March 25, 1922. The highest were: Herman J. Schultz, first, arithmetic; Emma Niendorf, first, spelling; Emma Niendorf, first, speaking; Herman J. Schultz, second, spelling; Herman J. Schultz, second, speaking; Emma Niendorf, second, arithmetic. Contest was held at Mazomanie, April 18th. Returns for Maples school are: Herman J. Schultz, first, arithmetic; Emma Niendorf, third, spelling; Emma Niendorf, third, arithmetic.

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.—Adv.

GINGHAM AND ORGANDY

There is a dainty, little girlish charm about this unusual frock made of gingham and trimmed with organdy. It shows the genius of an expert handling familiar materials. Organdy makes the narrow, plaited frills that adorn the skirt and finish the neck and sleeves. Narrow bands of it slip under slices of gingham on the bust and tie at each side.

Those Wonderful California Herbs Cured Her and the Neighbors of Rheumatism.

Minburn, Iowa, May 6th 1920. Rheumatism Herb Co. Ocean Park, Cal (Continued).—My mother is suffering dreadfully with rheumatism. We have tried doctors, all sorts of patent medicines and liniments, but no relief, and my sister-in-law (Mrs. W. F. Antle of Norwalk, Iowa) wrote me and told me to get a pound of your Herbs, for she knew it would do wonders for my mother. SHE SAID IT CURED HER AND SEVERAL OF HER NEIGHBORS. Please send it quickly as possible. Very Respectfully, Mrs. E. M. Jones.

WE HAVE NOT SAID MUCH—

About our bargains lately, for our cus-
tomers are advertising them for us. Peo-
ple come and say: "Can you give me a
bargain in a suit and overcoat like you
sold Mr. So and So?" And from other
towns and states they write: "We hear
that you are selling suits and overcoats
cheap. Please send me two or three
suits to pick from."

People don't order clothing from us
just for the sake of buying from us.
There is a reason. They are after saving
the \$15.00 or \$20.00. At the present
time, we have values that nobody can
duplicate.

Abundant vitamin now contained in small yeast tablet

Yeast Foam Tablets are from 4 to 5 times as concentrated as the ordinary baking yeast. The necessary vitamin potency, therefore, is contained in a much smaller dose.

"CONGRATULATE YOU," writes a well-known physician, "on your new therapeutic yeast. I am sure it will be welcomed by the medical profession and by thousands of people who dislike eating such large quantities of fermentative baking yeast—as well as by countless others who sought in vain for any appreciable tonic benefits in many drug-laden and untested vitamin preparations."

This yeast supplies what modern foods lack

Yeast Foam Tablets correct a serious deficiency in present day diet by supplying the essential vitamin which is found in many raw foods but which is completely eliminated, in many cases, by the time these same foods reach our table.

This vitamin is necessary to digestion and the conversion of foods into healthy tissue and bodily vigor.

Without sufficient quantity of vitamin your body goes sick and you are only too aware of it in such signs as loss of appetite, failing strength and endurance, nervousness, sallow skin and other definite signals of vitamin starvation.

Yeast richest source of vitamin
In the yeast plant is an abundant store of this indispensable vitamin and in Yeast

Foam Tablets there is nothing but pure whole yeast—millions of these tiny plants being concentrated in each tablet.

The vitamin potency of this new yeast is therefore high and, consequently, its tonic and reconstructive properties are most unusual.

Yeast Foam Tablets are made by the world's largest manufacturers of dry yeast, the makers for 45 years of the famous baking yeasts, Yeast Foam and Magic Yeast.

They are the result of two years of experiment conducted under the guidance of some of the country's leading medical scientists. Recommended by physicians and sold by druggists everywhere.

Extraordinary advantages of Yeast Foam Tablets

The only pure, whole yeast in easy-to-take tablet form.

They contain no drugs or other ingredients. They do not form gas nor cause belching.

They are the only pure, whole yeast suitable for children; they do not cause fermentation.

Each lot is tested to insure high and uniform vitamin potency.

Radio Association Notes.

Friday night the U. W. station sends out a music appreciation program at 8:15, in 300 meters.

The warmer weather has brought on a slop of "static," which makes radio receiving a rather noisy proposition.

The Harwood Club of the U. W. and Erwin Cooke, xylophone player, rendered very interesting concert on Tuesday evening.

Elmer Moraviah, Harold Swearingen and Lorell Gillette have started to build radio sets, with a view to qualifying for entrance into the Radio Association.

It is of interest to note that a large radio store is being opened at Madison, also that Glubel Bros., of Milwaukee, are about to install a broadcasting station.

The government weather bureau at Madison sent out a flood warning, stating that the Wisconsin river would reach at least the high water point of fifteen feet at Portage by the 13th. This is one foot above ordinary flood stage.

Madison turned out 250 strong in response to a call for members for a radio club. Wish we could say "Mazomanie is a close second"—but perhaps that time will come. Make appli-

cation for membership in the Radio Association of Mazomanie.

No Substitute Offered.
Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy, when the best remedy for diarrhoea is asked for, and do so because they know from what their customers say, that it can be depended upon.—Advt.

Certainly Not!
A plumber's bill at Boston included the item: "To a man and boy looking for a small, \$1.75." They probably agreed that the remuneration was not to be inflated at.

MODERN DAY MIRACLES

The Magic of Chemistry Which Makes a Compound of Value for One Purpose in War and Another in Peace

(Told in Eight Chapters)
By JOHN RAYMOND

No. VII WAR AND PEACE

The art of warfare is as old as the race itself. Warfare at first consisted of throwing stones at the enemy or hitting him with a club.

The art slowly progressed. The catapult was used for hurling good-sized rocks and the bow and arrow served its purpose in stand-off combats. Thus it went for many centuries. Warfare consisted of ninety per cent hand to hand work and perhaps ten per cent of shooting from a distance.

Along about 1345 an old monk found that gunpowder when properly ignited, gave vent to a pretty good sized noise. England and France were at war and the new invention was tried out at the battle of Crecy with the result that the horses became frightened at the "noise like thunder." Losses were heavy.

On the morning of April 22, 1915, warfare was revolutionized when a cloud of Chlorine gas was sent over the Allied trenches wiping out whole regiments. This experiment proved so successful that the war, opening at 4,000 per cent explosive, ended 35 per cent chemical.

These war gases are of particular interest to the student of chemistry because of the variety of uses to which they are put in times of peace.

Phosgene is one of the most important of the war gases, has found a wider use in peace time than any of the others. It finds its most direct application in the manufacture of a large line of dyes, including blue, pink, violet, etc.

(Reprinted by the Institute of American Bankers, New York)

let, yellow and green. It is used in making synthetic materials, one of the essentials in making synthetic vanilla and perfume toilet soaps. It is also used in killing rodents, thus aiding in preventing the spread of bubonic plague. Phosgene finds another application in freeing certain sands used in the manufacture of optics from traces of iron.

Benyl Benzoate was required for weather-proofing and fireproofing airplane wings in the war. It now finds an interesting use in domestic life.

Domestication was supposed to be a peace time thing. In peace time it is used in the purification of water, the bleaching of paper and cloths and in the manufacture of a great many dyes, perfumes and antiseptics.

Naphthalene was used in making war-time daylight signal rockets. Now it is used in making such beautiful dyes as indigo and orange. From these few examples it is readily seen why it is so simple a matter to convert a dye plant into a war-time production plant and why so many other industries are directly dependent upon dyes.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobacco used in Chesterfield are of finest quality (and hence of better taste) than in any other cigarette at the price.
