Everybody invited. A program and social evening, Friday night, Nov. 3. All are welcome.—Rev. F. M. Prucha, Pastor.

SCHOOL NEWS

Carl Schumann's horse fell with him Monday night. He is absent from school as a result of injuries received at that time.

There is a prospect of a game of football with Richland Center, Saturday, at 2:00 p. m. Come and see an interesting game at Hoffmann's ball park.

The following boys won recognition at the stock show at Madison: Charles Laver, with a Jersey, and Ralph Hodgson, with a Holstein calf. In so large an affair, this makes a good showing.

Good Health.

If you would enjoy good health, keep your bowels regular. No one can reasonably hope to feel well, when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.—Advertisement.

CHILD WELFARE SPECIAL COMING HERE

After seven months of service for children in other counties, the Child Welfare Special comes to Dane county for three weeks and will then be stored for the winter. The schedule is as follows:

Date. **Place.**
November 6, Oregon, Mrs. Ira Allison
November 8, Alhous, Mrs. John Bliven
November 9, Cambridge, Mrs. Prescott
November 10, Cambridge.
Nov. 12, Cottage Grove, Mrs. Nelson
November 14, Marshall, Mrs. Devine
November 15, Marshall.
November 16, Dane, Father Heuser
November 17, Dane.
November 20, Windsor
Nov. 21, Mazomanie, Mrs. Griswold
November 22, Mazomanie.
November 23, Pine Bluff.
November 24, Perry.

Mothers throughout the county may arrange with the county nurse for appointments for their infants and children of pre-school age. The children will be weighed and measured and given physical examinations in order to discover whatever defects or indications of disturbed development may be present, and procedure outlined to restore them to health.

The Special is a big white health center on wheels, completely enclosed and divided into rooms for preparing children for examinations and for the weighing, measuring and examin-

ing of children. A hot water heating system enables all compartments to be heated beyond ordinary requirements if necessary, and full safety as well as privacy assured for children stripped for examinations. Electric lights, a sanitary plumbing system, and spotless white enameled interior and equipment are other modern features.

The Special began the first year's work in Rock county in April, visiting the small communities where access to child welfare stations is usually lacking. Grant county was visited in May, and the car has since visited Sheboygan, Manitowish, Oconto, Portage, Juneau, Monroe, Jefferson and Waukesha counties. The chairman of the "Grant county board pronounced it the "most popular feature of the kind this county has ever known."

Despite frequent rains and bad road, 328 children were examined in twelve working days in Grant county, of which number only 20 were found to be normal in every way. It was disclosed that 63 had defective teeth, 125 defective tonsils, 27 defective nasal breathing, 77 glandular trouble, 14 skin diseases, 21 defects of bones, 20 with heart defects, 29 with defective nervous systems, and 47 defective lungs. Many children had more than one defect needing correction.

The conditions needing correction are noted on a card given the mother, and when necessary are referred to the family physician. Many cases need only watchful care and following of instructions by the parents themselves to overcome conditions.

children a year hence would doubtless disclose a pronounced change for the better. The only requisite is the parents' sincere co-operation in carrying out the recommendations. Thus far with the follow-up activities of the county nurse, parents generally have sought the needed medical or other aid in restoring their children to health.

Much attention is paid to nutrition. Dietary faults are responsible for much of the malnutrition found in children examined. In some families in Sheboygan county most children examined had been given coffee instead of milk, and one boy who was much underweight was living mostly on pop. In that county only 63 out of 227 infants and 329 pre-school children examined were reported as normal. Ten all defects were very numerous and in a great percentage of cases the mothers agreed to have them taken care of before fall. The Sheboygan county nurse has since reported that a large number of the children suffering defects are receiving the attention suggested by the clinic physician.

The Special is in charge of Dr. Blanche Horner-Rivers, a skilled pediatricist who makes the physical examinations and gives advice to mothers on the basis of the conditions disclosed. She is assisted by Miss Anna Thompson, a registered public health nurse, and the county nurse in each county visited.

The car is driven by Walter Drews, an ex-service man, who also acts as manager of exhibits and operates the motion picture machine. Mr. Drews himself has a family of children in Milwaukee, a fact which imparts a sympathetic responsibility for the important duties entrusted to him.

Motion pictures will be shown in the evenings at scheduled places. All services of the Special are without charge, and children of pre-school age, rich or poor, are invited to share in the benefits of this latest endeavor in the field of public health.

Catarh Can Be Cured

Catarh is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing his work. All druggists. Circulars free. F. J. Chesney & Co., Toledo, Ohio.

OBITUARY

Mrs. Mary Steinbeck.

Mrs. Mary Steinbeck, aged eighty-eight years, widow of the late John Steinbeck, died at the home of her daughter, Mrs. G. C. Emery, at Twin Lakes, Minn., Friday, October 27, 1922. The body was brought to the old home at Mazomanie, for burial, services being held at St. Barnabas' church on Tuesday, at 10:00 a. m., Rev. Father M. G. Siler reading the mass. The pall bearers were J. W. Smith, Frank Timber, James O'Hara, John King, Michael Powers, and C. B. Vogel.

Mrs. Steinbeck with her husband and children came to this community from Austria in the autumn of 1867, just fifty-five years ago, making her one of the oldest residents of this neighborhood. The last two years of her life were spent in Minnesota, on account of her failing health.

She is survived by twenty-three grandchildren, and five children: Henry Steinbeck, of Chilton, Mo.; John Steinbeck, of Chicago; Mrs. G. C. Emery, of Twin Lakes, Minn.; Mrs. E. J. Schmidt, of Denver, Colo.; Mrs. P. G. Hankwitz, of Milwaukee. All the children were present at the funeral.

PLEASANT VALLEY.

Keith Chaswell has moved onto the Howard Holmenstein farm. Mr. and Mrs. Charles Handel, of Mazomanie, were Sunday guests at the Frank Brunner home.

Miss Sarah Hawley and Jack Lockwood, of Mazomanie, are spending the week with Mr. and Mrs. Vernon Booth.

Mrs. William Busch, Mrs. Fred Gratz, and Frank Gratz, of Madison, were Sunday callers at the Vernon Hodson home.

Mrs. James Dunaway has been at the Richard Handel home the last week, taking care of her daughter and new granddaughter.

John Busby has returned to Canada, after a short visit with his father, Michael Busby, and sisters, Miss Cecile Busby and Mrs. H. Busby.

Mr. and Mrs. John Lockwood returned from a visit to the Vernon Hodson home.

Mrs. Herman Schwann and family, Mrs. Dregg, Mac McCarthy, Charles Cooper, and May Lynch, all of Madison, and Mr. and Mrs. John Cavanagh and family, of Mazomanie.

OF LOCAL INTEREST

—Mrs. R. M. Hodgson and Mrs. Emma Wallace accompanied Harry Sharp, of Prairie du Sac, on a motor trip to Sparta, last Thursday, returning home, Tuesday.

—A bazaar and chicken pie dinner will be held at the Brick church, in Mounds Creek, on Thursday, Nov. 16. Dinner will be served at 12:30 o'clock. Everybody welcome.—Committee.

—Alva Adams, of Pueblo, Colorado, died at Battle Creek Mich. Thursday, aged seventy-two years. He was formerly governor of Colorado, and was at one time a resident of Black Earth River.

—Order your Christmas cards now. The Sickle office has a line of beautiful samples, and can print them as you prefer. By ordering now, you are assured of getting the design you select.

—Richard Democrat: Mr. and Mrs. Cap Dillon went to Mazomanie, Saturday afternoon, the former for an over Sunday stay and the latter to remain with old home folks for an indefinite period.

—Dr. Earl Froty, of Richland Center, passed through Mazomanie, Friday, in a hunting lodge on wheels. The house was built on a Ford truck chassis and is complete with beds, sink table and stove.

—A 50-pound hog broke out of its crate in the express car on the branch train, Monday afternoon, and jumped from the car onto the roadbed. The animal was later recaptured, apparently unharmed.

—The Dodgeville city council last month passed an ordinance making it illegal to take part in any game, sport or play within the limits of that city on Sunday, providing penalties for the violation of the ordinance of not less than \$3.00 nor more than \$10.00.

—John U. Braun hurt himself by lifting, recently, and has been quite in consequence. Mr. and Mrs. Eugene Fey, of Delavan, were here to visit him and other relatives over the week-end, and Mrs. Martha Haselton, of Madison, is now at the Braun home.

—It has been almost impossible to secure stock cars during the past few weeks, and shippers have been put to considerable loss. Dozens of truck loads of stock have passed through this place, bound for Madison, some coming from as far as Blue River.

—Joseph Klosterman, residing near Hollandale, had his left arm torn off to the elbow, and mangled and crushed nearly to the shoulder, in a corn sheller, Saturday. He died the following morning. James Carlson, of Richland Center, lost three fingers in a shredder last Friday.

—The largest and most valuable shipment of plums passing from Lone Rock in many years, was consigned Monday by R. M. M. Dederick, of Bear Valley, to New York parties. The shipment consisted of 785 pounds and was valued at \$7,850. It was the product of several years' cultivation.

—The Ladies' Missionary Society will meet with Mrs. Shepard, Wednesday, Nov. 8, at 3:30 p. m. Hostesses, Mednes Shepard, McFarland, Murrah, and Morrill. Ladies' Love Report of the Cleveland convention by the delegate, Mrs. Voss. Do not forget to bring some toys for the missionary box, going to the Philippines.

—The open season for deer this year will run from November 13 to 22, inclusive. Notices have been sent out apprising hunters of this change in the law, and giving information regarding the rulings and orders of the conservation commission. Only one buck, one year or older, can be shot. Shooting deer by lights at night is prohibited.

—Walter Muller, French athlete, of Madison, who has gained national prominence in various branches of athletics, recently killed a 300 lb. deer at Du Sac to Mazomanie in the remarkable time of one hour and thirty minutes. The distance is estimated at ten miles. Mr. Muller has been spending the week-end visiting with Mr. and Mrs. Volney Bissell, of Prairie du Sac.

—The usual number of Halloween pranks were played here, Tuesday night. Nothing really serious, but bad enough for those who have the straightening up to do or repairs to make. Perhaps the most serious or thoughtless acts were the uncovering of manholes in the sidewalks, thus endangering any pedestrian who may have occasion to be out in the dark hours of the early morning.

—Mrs. Annie Dodge received word from her son, Bamford, in St. Paul, Minn., this week, that he was in a hospital with a broken arm and other injuries. He fell fifteen feet through an open manhole of a sewer at four o'clock, Monday morning, as he was delivering a message for the railway.

—The Hotel Mazo has for several months been using one of the dish washing machines manufactured at Black Earth, and it is giving complete satisfaction. About fifty of these machines are now under construction, and the sales prospects are good. H. W. McKenzie originated the idea several years ago. The first machine was made last fall by R. L. Malthe, who made several improvements which were incorporated into the construction of the machine, which now, according to reports, has attained a state as near to perfection as can be hoped for in a machine of this kind.

—Did you get fifty-eight dishes of ice cream last year? That was your share of the ice cream made in Wisconsin. Dairy manufacturers report that enough ice cream was made in Wisconsin in 1921 to give two and one-fourth gallons to every man, woman and child living in the state. A total of 5,360,556 gallons were manufactured in Wisconsin and 216,500,212 gallons were frozen in the United States in the same period. Ice cream manufacture is on the increase, declare authorities. Reports compiled by the dairy and food commission biennially show that the ice cream output of this state has practically doubled every two years during the last ten years.

—Miss Faye Collins, daughter of Mr. and Mrs. Charles Collins, of Blue Mounds, and Earl Mitchell, son of Mr. and Mrs. Stephen Mitchell, of Survey, were married at noon, Saturday, Oct. 28, 1922, at the home of the bride's parents, near Blue Mounds. The ceremony was performed by Rev. Barnett, of Mt. Horeb, in the presence of the immediate families of the young people. After a beautiful wedding dinner the newly married couple left on an automobile trip to visit relatives in various parts of the state, and upon their return will go to housewarming on a farm southwest of Dodgeville, owned by the groom's father. Many friends extend hearty congratulations. The bride is a granddaughter of Mrs. John Hanson, of this place.

—Mrs. George Franklin, of Richland Center, and Mrs. Mike Everhart, residing near Sextonville, were killed in an automobile accident Saturday evening on highway No. 11, near Gotham. Mrs. Everhart was almost instantly killed, and Mrs. Franklin died at two o'clock the following morning at the

Knight residence near the scene of the accident. The two men escaped with bruises and cuts, but the five months old baby of the Franklins was so badly shaken and crushed that it is not yet known if it will recover. The car rolled with a buggy going in the same direction as the car. The wheel of the buggy caught between the fender and front wheel of the car; the car then swerved and rolled over sideways, and landed a complete wreck sixty feet from where it struck the buggy, upon its wheels, but headed in the opposite direction. Ray Hardy, driver of the horse and buggy, was also somewhat injured.

—At a recent meeting of the village board it was voted to put to a referendum vote, at the coming November election, the matter of purchasing the east half of the land which the school boards recently purchased from Thos. Colwell. The school boards have offered to sell to the Village the east half of this tract, about four acres, for \$550.00, the cost of maintenance of this half to be assumed by the village, and the land to be used for a village park and tourist-camping ground. The schools will maintain and use the other half of the tract for an athletic field, but both village and schools to have the right to use the whole tract mutually. Special ballots will be prepared to vote on this question at the general election next month, and it is very much desired that all voters in the village register their preference in the matter.

How Not to Take Cold.

Some persons are subject to frequent colds, while others seldom, if ever take a cold. You will find that the latter take good care of themselves. They take a shower cold sponge bath every day in a warm room, avoid overheated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay, and it is soon over.—Advertisement.
