### The Operetta.

The operetta, "The Wishing Well," given by high school pupils, under Mrs. Trager's skillful direction, delighted a very large audience. The opening scene, showing the fairies, one by one emerging from the Wishing Well, that had been constructed at the back of the stage, was as lovely a sight as one could imagine. Color-

ed lights added much to the beauty of the scene. Surely, no real fairies were ever prettier, more graceful, or more dainty, as they executed pretty dances in their delicately tinted dresses, whose color scheme had been so carefully planned. During the progress of the play, Josephine Zaugg and Lorraine Hodgson sang songs, and Verna Schmitt, Lorraine Hodgson and Marguerite Swan's trio, which were very pleasing. The large choruses of Irish lads and lassies, appropriately costumed, evidently captivated the listeners. Geraldine Voss as Lady Mary Dunneil, whose fortune had been lost, but whose pride remained, sang and acted in a manner that brought much praise. Roy Stewart, the young lord, who was going about in a rags, fell in love with Lady Mary at first sight, and attempted in a very charming way to win her. Although his love was returned, Lady Mary, in the good old-fashioned way, kept him on the anxious seat for some time. Little Noreen was not at all slow in declaring her fondness for the "Terence O'More," and in a very determined, childlike way, attempted

### HYMENEAL

Stickney-Hodgson

A pretty wedding took place at the R. M. Hodgson home on Saturday, April 19th, 1924, when Alice E. Hodgson and Percy F. Stickney were united in marriage. Rev. F. M. Prucia performed the ceremony.

Lucile Prucia sang "When You Are Truly Mine," at the set hour and immediately followed Mendelssohn's wedding March, played by Lorraine Hodgson. The bride and groom followed the minister into the living room, where the ceremony took place before a bank of house plants, making a beautiful background. Above the plants hung the white wedding veil with white crepe paper draped out above the plants to the windows behind.

The bride was attired in white crepe and the groom in navy blue.

An appropriate lunch was served soon after the ceremony to the newly married couple and about thirty guests.

The afternoon was spent in visiting and looking over the many beautiful gifts which were received.

Mr. and Mrs. Stickney left on a short wedding trip and upon their return went to their farm home just east of Mazomanie.

Many friends extend congratulations.

A very great deal of the success of the operetta is due to the community orchestra, which gave an opening concert, played their parts well, George Delight, in a sweet, clear voice, sang as he shod the fairies.

Several women of the community were generously of their time that the participants might share attractive costumes.

A very great deal of the success of the operetta is due to the community orchestra, which gave an opening concert, played their parts well, and accompanied the performance throughout.

It means much to the young people to take part in and to attend an entertainment of the high class to which the operetta belongs. It means much to a community to have an orchestra so willing to give its services.

About \$150 were cleared from the operetta, and the musical, given earlier.

Glasses carefully and correctly fitted by H. Lappley, Registered Optometrist, Mazomanie, Wis.

Attention, Church and Sunday School Workers

The "Christian Herald" has put on a subscription campaign in Dane Co. to secure the expenses of a delegate to the World's Sunday School Convention in Glasgow, Scotland, June 18-26. The county secretary, Miss Gene A. Laws, has been elected as the delegate, and the campaign is now on to secure the subscriptions. Information and material have been sent by the Herald to every pastor and superintendent, and they are asked to lay the plan before their people. Briefly, the plan is to secure 400 subscribers. One-half of each subscription goes into the delegate fund. One-third may be renewed. If for any reason the money this year is not used by the delegate, it goes into Sunday School work in Dane Co. Each church is to have a soliciting committee. The work must be pushed this month, in order to secure reservations, if the delegate is to be sent. Every one must help. If Dane county is to have a delegate at Glasgow.

**Oratorical-Declamatory Contest.**  
Friday evening, April 18, the annual Oratorical-Declamatory contest was held in the gymnasium. Three boys and five girls appeared in the following program, after Maxine Parrell had played a violin solo:  
Acres of Diamonds—Louis Lashway  
Wilson, a Great Man—Karl Schumann  
He Never Surrendered—Alfred Cairns  
Out in the Garden—Nellie Shotts  
Polby Shatto—Eleanor Harrigan  
The Imitation of George Bushness—Lorraine Lawler  
The Last Word—Lorraine Hodgson  
Madame—Gladys Hawley  
The judges awarded Alfred Cairns and Karl Schumann first and second places in the oratorical contest, and they gave Nellie Shotts and Gladys Hawley highest honors in the declamatory work. This means that next Tuesday evening Nellie Shotts and Alfred Cairns will represent our school in a contest in which speakers from Sauk City, Prairie du Sac, Arena and Black Earth will also take part. Winners in Tuesday's league contest will compete with representatives from other leagues in a district contest at Whitewater. The Whitewater

victors will take part in the state contest.

It is a foregone conclusion that if more than two take part in each of the girls' and boys' contests, all participants cannot win. It is equally true that no boy or girl can enter such contest and receive the careful training given by Principal Jones without receiving benefit that will tell through life. This year each high school class was represented. This is as it should be. It is to be hoped that more pupils will see the advantage such work offers and be glad to take part in it.

## BLACK EARTH—MAZOMANIE COW TESTING ASSOCIATION

Report for the year 1923-24

The Black Earth-Mazomanie Cow Testing Association finished the year 1923-24 in March. Many people doubt the accuracy of the C. T. A. work based on the one day average. Ask some of the members how the figures which the tester obtained for the year compare with those of the factory. If you are in doubt about your cows, join a C. T. A. and find out. The following is a brief summary of the results of the year's work:

Black Earth-Mazomanie C. T. A. Facts.  
25 herds completed the association year. 432 cows completed the association year. 18 cows were sold for dairy purposes. 47 cows were sold for beef or slaughtered. 6 cows died during the year. 25 herds averaged 6536 pounds of milk and 2405 pounds of butterfat. 12 cows qualified for R. O. P. having produced over 365 pounds of fat. 14 herds are tuberculosis tested. 11 herds are under Federal supervision. All members use pure bred sires. 24 members have sires. All members feed grain. Seven members feed grain while cows are on pasture. All have automobiles. 10 members have milking machines. 17 barns have individual drinking cups. 17 barns have electric lights. 21 members have milk houses. 15 members grow alfalfa.  
For cost of production the herd of W. H. Schumann is lowest. This herd returned \$2.98 for each \$1.00 expended. Each pound of butterfat cost Mr. Harker 18 cents.

The tester wishes to thank each and every member of the association for the splendid manner in which he was treated and for the fine homes which were shared with him.

## WHY YOU SHOULD PREFER A CHEVROLET

The motto of Chevrolet, "For Economical Transportation," is our sole guide in the design and construction of our passenger and commercial models.

We do not endeavor to produce the cheapest automobile but the most economical because we are concerned in delivering the utmost per dollar of price in economical transportation.

The selling price of an automobile, while important, is secondary throughout its life. This includes the purchase price and all operating and maintenance expenses for an average period of six years.

Chevrolet delivers on the average the lowest per year and per mile cost of transportation, therefore it is the "cheapest" in the long run.

Notwithstanding its low purchase price and economy of operation and maintenance, Chevrolet is a quality product, fully equipped and modern in every respect.

It has modern style, fine finish, a high degree of riding comfort and engineering efficiency. It can be easily shown that for economical transportation

NOTHING COMPARES WITH CHEVROLET

## This is a Telephone "Station"

At the beginning and end of a telephone message is a telephone instrument, which we call a station. It is a station of a continent-wide system of voice communication—of which there are more than 44,000,000 others in the Bell System.

We have developed a class of long distance service, which we call "station-to-station" service. It means that we undertake to put the two telephone instruments into connection and the party calling talks either to the person who answers or to some one who may be reached immediately at the called telephone or station.

It costs us less to handle a call of this kind and therefore we supply it at a rate lower than the regular "person-to-person" service. The saving is about 20 per cent.

Telephone users are invited to try this method of making their long distance calls and take advantage of the lower rates. On a "station-to-station" call the charge applies when any one answers the distant telephone (or private branch exchange).

### A MAN SAID TO US

"YOU DON'T SEEM TO ADVERTISE MUCH."

but he is mistaken. To advertise in print is not the only way. Every time we turn out a satisfied customer we turn out an advertiser, a booster. In fact this store is a self-advertiser.

Here is an example: A Madison man bought an overcoat from us. The next day a minister there called us up and said: "If you have an overcoat size 42 like you sold my neighbor yesterday, please send it to me." He wrote and thanked us for the bargain. There is no shortage of overcoats in Madison. Then why did he order from us? There is a reason. If you will inspect our merchandise, you will find out the reason.

Those \$5 to \$8 shoes for men are going mighty fast. Only a few left.

### Advertising Signs to Go From Roads

That the advertising sign at the side of the road may prove a detriment to the living advertiser instead of promoting sales, is being more and more recognized by large users of bill-board space. It is being brought home to advertisers that road users both resent the blatant sign covering up a beautiful view of the surrounding landscape.

Cooperation in sign removal has had unexpected results from the Standard Oil Co. on the Pacific Coast, which has decided to eliminate certain objectionable signs from the highways.

"Convinced that highway advertising signs detract from the natural

beauty of the great routes of travel of the Pacific Coast," says an official of Standard Oil, "this company has decided that it will erect no more such signs and that it will immediately remove all of its signs of this nature now standing. Hereafter the company will confine the use of signs to commercial locations. This company was among the first of the oil concerns to engage in this form of advertising and is now glad to be the first to discontinue it."

Nearly 1,200 large, round permanent signs in California, Oregon, Washington, Nevada, and Arizona are consigned to the ax by a general order.

The Pass, near Colorado Springs, has for long been defaced with the Standard Oil signs. Recently the Colorado Automobile Club, which is deeply interested in the work of beautifying highways, removed more than one thousand signs from the pass. At the same time the club ordered one thousand trees to be planted in nurseries and later used to embellish the roads leading to Colorado Springs.

Among the many large bill-board

users in the East who have declared their intention to aid in the beautifying of highways by the elimination of signs, are such well-known persons as Kelly Springfield Tire Co., Phillips Flour Mills Co., Washington-Crossby Co., Champion Spark Plug Co., B. F. Goodrich Rubber Co., Sun Oil Co., Hoar Rubber Co., Ajax Rubber Co., Ward Hacking Co., Dodge Brothers Co., Gulf Refining Co., Texas Co., and the Fleischmann Co.

### Not Likely To Operate.

The following in regard to the sugar plant at Madison has been sent out by the Creditors Advisory Committee:

The plant was operated during the season of 1923 under a leasing contract made between the company and the United Sugar Refining Company, by which the latter company furnished the working capital and operated the plant agreeing to pay as rental therefor one-half of the net profits resulting from such operation. The company's share of such profits amounted to approximately \$7,000, which sum is not in cash but is in materials and supplies at the plant.

The leasing company refused to enter into a new lease for the year 1924 because of its unsatisfactory operation last year. The result is that no means have been found by which the plant can be operated during 1924.

The mortgagee upon the property, with accrued interest amount to approximately \$300,000. These are old mortgages which have been outstanding for many years.

### Helps Over Hard Places.

Disbursed with a little sweetened rhubarb. Remedy is easy to take, and almost instantly eases sudden and intense stomach pains, cramps and intestinal disorders. A mother is perfectly safe in giving it for those stomach aches so inseparable from childhood.

### Catarah Can Be Cured

Catarah is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

### VILLAGE ORDINANCE

The President and Village Board of the Village of Milwaukee, in pursuance of authority granted by Chapter 222 of the Laws of 1923, creating subsection (8) of Section 5046 of the statutes, do ordain as follows:

Section 1. No person shall hold, conduct or be present at a public dance within the Village of Milwaukee, except such as may be held within a public dance hall or pavilion or on premises owned, leased or used as such under the provisions of this ordinance. A "Public Dance" used in this ordinance shall mean any dance at which admission can be had by the public generally upon payment of an admission fee or by purchase, possession or presentation of a ticket or token, or in which clothing or other property, or any other dance to which the public generally without restriction may gain admission with or without payment of a fee, or a dance operated for profit. The term "public dance hall" as used herein shall be taken to mean any room, place or place at which a public dance may be held or any dance hall or academy which classes in dancing are held for hire. Neither the term, "public dance" nor the term "public dance hall" shall be construed to apply to a dance conducted in a church or parochial school hall or to such a place where such dance is conducted under the auspices of the proper church authorities, nor to any dance conducted under the auspices of a fraternal association or any kindred association in conformity to law nor to any dance conducted under the auspices of any recognized fraternal society when conducted in conformity to rules of such association or society, nor to the place at which the same may be held.

Section 2. Application for license for a public dance hall may be made by petition signed by the owner or tenants of the premises for which a license is sought, directed to the Village Board, and accompanied by a license fee of ten dollars. Such license shall be granted by the village board in case a majority of such board vote in favor thereof, and shall be denied otherwise, provided that between sessions of the village board such license may be granted by the President of the village board, subject to the approval of such license by such board at its next meeting. The license shall expire one year after license date and on the date of the next meeting of the village board following the expiration of such year.

Section 3. No person shall hold or conduct a public dance except in compliance with a written order issued by the village clerk upon application therefor made at least three days prior to the date of the holding of such public dance and the payment to the said clerk by the said applicant of a license fee of three dollars. The said clerk shall issue such permits for dances to be held only at duly licensed public dance halls.

Section 4. It shall be the duty of the village clerk, upon the issue of the said permit, to notify the inspector and it shall be the duty of such inspector to be present at such dance and to see that the laws of the state, local ordinances, rules and regulations are complied with and enforced, and in this purpose such inspector shall have the holding of any such public dance. He shall file a report in writing with the village clerk as to the general conduct of such dance, the general observance of the laws, ordinances or rules and regulations governing such dance, and any violations of law, ordinances or rules and regulations governing such dance, and any other matters observed by such inspector, while present at any such dance, in case of any violation of law, ordinance or rule, or in case of any gross, violent or vulgar disorder or conduct on the part of those present at such dance, in the name of the county order such dance discontinued and the dance hall closed.

Section 5. The president of the village board, in and with the consent of the village board, immediately upon passage of this ordinance and annually thereafter, shall appoint two inspectors, who shall qualify within ten days thereafter by filing with the village clerk their acceptance in writing.

Section 6. In case it shall be impossible for any inspector to be present at any dance to which he has been appointed, for any reason, a permit sufficient by the village clerk, he shall at once apprise the village clerk of such fact, who shall then notify any other inspector who is available. In case no other inspector is available, the village clerk shall thereupon appoint some suitable person to act as inspector for such dance.

Section 7. Dance hall inspectors shall receive compensation in the sum of three dollars, for each dance inspected.

Section 8. The following rules and regulations shall govern the conduct, operation and management of all public dances:

a. At no public dance shall the presence of any person under sixteen years of age be permitted unless such person is accompanied by parent or legal guardian.

b. Public dances shall be discontinued, and public dance halls closed for the night on or before one o'clock a. m. following the opening of the dance, unless that be the first day of the week in which the dance shall close at midnight. No public dances shall be conducted between such closing hour and eight a. m. No permission for change of hours of closing time shall be granted, and then on a special occasion only except upon written request made to the village president and his consent in writing obtained therefor, and such permit shall apply to the dance to be held upon such special occasion.

c. The possession, drinking or offering to any person of liquor or other liquor liquors shall not be permitted either in a public dance hall or on the premises on which it is conducted.

d. The participation in a public dance of person under the influence of liquor or drugs shall not be permitted.

e. All public dance halls operated under this ordinance must comply with the building code requirements of the Industrial Commission of Wisconsin, and all rules and regulations of the State Board of Health.

f. All dances held in the night time shall be kept well and sufficiently lighted at all times.

Section 9. The village board shall promptly after three days notice and a hearing revoke the license of any person who shall violate any provision of this ordinance. Between sessions of the village board, the president of the village board, shall after a due hearing promptly revoke the license of any person who shall violate any provision of this ordinance; provided, that such revocation may be rescinded by the village board may be reinstated by the village board at its next session, if upon petition of the licensee the board shall be of the opinion that the action of the president of the village board in revoking such license was improper.

Section 10. Upon revocation of any dance hall license, no new license shall be issued either to the same licensee or to a different licensee for the same dance hall within six months following the date of such revocation.

Section 11. The sheriff of the county and all deputy sheriffs, and all appointed and qualified to act as such, shall have the same powers and authority as the police officers of the village to enforce the provisions of this ordinance as have dance hall inspectors, and such sheriffs or deputy sheriffs upon request of the village clerk shall receive the same compensation as is provided for dance hall inspectors.

Section 12. Any licensee hereunder may be permitted to maintain at such public dance hall, dance pavilion or other place of amusement a stand for the sale and dispensing of non-intoxicating beverages, but shall first obtain from his local village board, or common council, a license permitting him to dispense and sell non-intoxicating drinks and it is hereby declared illegal for said licensee to maintain any stand for the sale of liquor refreshments or to suffer or permit the sale of any sort of drink on said premises or to import therefor during the time while the public is in attendance at such dance of entertainment unless he shall have first obtained and have posted in his hall or other place of amusement a license for the sale of non-intoxicating beverages.

Section 13. All fees provided hereunder shall be paid into the village treasury, and the compensation of inspectors shall be paid by the village treasurer, as other moneys are paid, but no compensation shall be made for any inspection except for which a written report has been filed as provided in section 4, of this ordinance.

Section 14. Any person who shall violate any provision of this ordinance, or shall falsely represent himself as parent or guardian of any child under sixteen years of age in order to secure the admittance of such child to a public dance, or to secure permission to such child to continue to attend such dance, shall be punished by a fine of not less than twenty-five dollars, nor more than one hundred dollars, or by imprisonment of not less than thirty days in the county jail, and not more than one year in the state prison, and in addition a penalty thereby the license or licenses of the person or persons so violating the provisions of this ordinance shall be revoked.

Section 15. This ordinance shall take effect on the 1st day of April, 1924.
