Methodist Church.—Sunday, September 14, 1924. The Sunday School meets at 10:00 o'clock a. m. Epworth League at 6:45 p. m. Evening Worship at 7:30; subject of sermon, "The Awakening." All are invited. The choir will meet for practice in the church Saturday evening.—F. M. Prucha, Pastor.

To The Public.

Owing to the fact that the school board has rescinded its action of two years ago regarding the dismissal of children from the school to receive religious instruction at their respective churches, I shall be unable to conduct these classes during the present year. I regret this very much, from the standpoint of a pastor, and also because it seems to show a lack of advancement on the part of our village. When this work was started here two years ago there were but four places in this state where work of this kind was being carried on. To-day there are more than twenty-five places; among the latest being the city of Milwaukee. In this neighborhood is Prairie du Sac, which successfully carried on the work last year; and Arena is planning to take it up this year.

The action of the board, as near as I can learn, is that because all of the churches are not making use of this opportunity it is not advisable to permit one to carry it on.

Geo. V. R. Shepard.

Notice To Farmers.

Get your barns, box houses and hen houses disinfected and white-washed before housing your stock and poultry in for winter. Having purchased a new power sprayer, I am prepared to do this work satisfactorily. Write to A. M. Mulhern, Mazomanie, Wis.

Everybody is going in for speed records nowadays, except, apparently, the courts of justice.

OBITUARY

Mrs. John Schlough

Miss Augusta Sventicks was born in Humpole, Bohemia, June 17, 1860. She came to America at the age of seven years and made her girlhood home at Muscoda, Wis. In the year of 1881 she moved to Mazomanie where, in 1884, she was married to John Schlough at St. Luke's Episcopal church. They spent their first years of married life at Mazomanie and Madison, Wis. From Madison they moved to Dunn County, Wis., living there for about eight years. Then they moved back to Madison and spent the greater part of their married life at Mazomanie and Madison, Wis. In 1918 they moved again to Mazomanie and made their home here since. She was a charter member of the Royal neighbors of America, Camp No. 144 of Madison, and when she moved to Mazomanie was transferred to the Mazomanie Camp No. 1706.

Mrs. Schlough was taken to the St. Mary's hospital at Madison, August 7, 1924 and on the 9th was operated upon for a polio. She was at the hospital four weeks and was home only a short time when she passed away quite suddenly on September 2, 1924, at 1:10 a. m., at the age of fifty-five years, two months and two days.

There were eight children born to this union. Three died as infants and one boy, Ralph, died when he was eighteen years old. She leaves to mourn her husband, one brother, Henry, of Alberta, Canada, two daughters, Mrs. Frank Mallat, of Rossveld, and Mrs. George McKee, of Spring Green, and two sons, Arthur of Madison, and Raymond, of Mazomanie.

A previous one from us has gone. A voice we loved is stilled; A place is vacant in our home Which never can be filled. God in his wisdom has recalled. The boon his love had given. And though the body slumbers here, The soul is safe in Heaven.

Card of Thanks.

We wish to express our thanks for the beautiful flowers and for the kindness and sympathy shown by relatives, neighbors, and friends during the sickness and burial of our mother and wife.

John Schlough,
Mrs. Frank Mallat,
Mrs. George McKee,
Raymond Schlough.

Radio and South America

A plan to promote radio broadcasting in Latin America has been announced by Major General J. G. Harbord, President of the Radio Corporation of America, who said that the United States will have an unprecedented opportunity to utilize its resources in developing radio in South America.

One of the outstanding advantages of the plan is a system giving direct contact with the South American radio market from New York, thus eliminating the expense incidental to carrying on operations through intermediate distributing centers.

General Harbord points out that distances between cities are greater than in North America and that a large percentage of the population is in the vast farming regions.

"Radio broadcasting," he says, "must break down these barriers of space which isolate towns and villages from cities. Wire facilities, too, are not within an easy reach of people of South America as they are in this country. Radio broadcasting will do much to supplement existing means of communication, such as telephone and telegraph."

The Japanese, we understand, are going to have a national "hate day." It is to be hoped Nature will lay off earthquake that day so they may enjoy it in comfort.

At the Theatre.

Saturday there comes a picture that we urge all of our readers to see.

The offering is "Lilies of the Fields."

A First National Co. picture featuring Corinne Griffith and Conway Tearle, supported by Sylvia Breamer, Myrtle Stedman, Alma Bennett, Crawford Kent, Chas. Murray, Phyllis Haver, Jessy Fitzgerald, Edith Hanson, and Chas. Gerrard. They represent a cast of unusual excellence.

There is a humanness about this picture which will endear it to all those who see it. It is one of the finest photoplays ever produced and compels you to wipe away tears; it is a picture that will make you think; that will make you a better man or woman for having seen it.

A base ball comedy, "Three Strikes" is the added attraction.

Sunday the film fans of this community will see Thomas Meighan in a Booth Tarkington story, "Pied Piper Malone." It's a comedy drama of love, adventures and fun, with scenes in a picturesque Maine seaport town and on the high seas. The cast includes lovely Leila Wilson. Is it a good picture? Can a duck swim?

"Three Cheers" is the comedy attraction.

A picture of Western small town life—that's "Ruggles of Red Gap." A Paramount picture which will be shown Wednesday. The story deals with the experience of a young tenderfoot in the town of Red Gap.

The Pacific Northwest. It is swift moving and humorous.

"Easter Bunnies" is the Comedy attraction.

This is "danger month" at the grade crossings. Better regard every month as danger months there, and every minute as danger minute.

The hand wagon is dry but getting comfortably loaded.

Professor Fairchild is worrying what the world will do with its population in a thousand years, but the population then will probably be worrying what it will do with the world just as it is now.

Good to Know This.

Bad breath is always unwelcome and also unnecessary. It is a good thing to know that Chamberlain's Tablets, over night, will sweeten the stomach and breath, clear the bowels, soothe the liver. An easy, pleasant breath sweetener that never disappears.

SATURDAY

LILIES OF THE FIELD

CORINNE GRIFFITH and CONWAY TEARLE in a powerful drama of true mother love. The stirring story of a woman, pure and sweet, whose husband deserted her in a rage of unreasoning jealousy, whose baby was torn from her arms, who, in the agony of her grief cried out: "There is nothing worth while left in life for me! Life is a cheat! I'll be a cheat! We'll all be cheats together!" But in purity of her heart she could not and finally life made amends with a wonderful love. It is a beautiful romance of a woman saved from folly by a great love. It is so unusual a play that we take pleasure in recommending it to you. There is a climax that will bring the tears to every eye.

GOSSIP

By THOMAS ARKLE CLARK
Dean of Man, University of Illinois.

THREE women were sitting across the aisle from me in a railway coach, talking. Their voices were pitched high. Their enthusiasm was evident. It was impossible not to hear what they were saying. They were not educated women, and the things they were saying were not pleasant things. They were discussing their friends, in fact, and their acquaintances, ridiculing them, laughing loudly at their frailties, repeating unflattering and unkind things that rumor had brought to their ears.

Their talk was full of "I understand" and "I have heard" and "You know they say." "She said to me" and "I told her" and "You must repeat it to a soul." Their stories were told with specific details to make more evident their truthfulness and reality, I presume. They recounted with meticulous accuracy the time and place and accompanying circumstances of the most trivial bits of scandal.

"Let me see, who was it told me; was it Mrs. Brown? No, I think it wasn't her. It was Mrs. Jones." We were standing at the corner of the street, and I think it was Wednesday—I remember now, it was Tuesday. It was, of course, not germane to the facts presented who it was or when, but the accuracy of the details helped to make the facts incontrovertible. They discussed the most private affairs of people; they tore to pieces and scintillated every reputation they touched, and they did it all with an appearance of personal propriety that was maddening. So far as I could make out, they did not say a kind word about any one, and they talked about nothing that was really elevating or any of their business.

It is interesting that a gossip never has anything to say about things or principles. His only topic of conversation is people and the things he says about them are usually destructive. Gossiping is not confined to educated people, and the things he dictated to it. It is not confined to men and women of the class I have been describing. Even in an intellectual community it is common, and the wider experience of the educated and their keenness of intellect, and their greater ability to utter sharp and cutting things, to ridicule everything that is good and holy, make them all the more dangerous. The older the person the more damage he can do by peddling vicious, foolish gossip. The character of an individual may be ruined and he being ruined every day by these scandal mongers.

It is a wise custom if you cannot say good about a person to say nothing.

—It is estimated that between 500 and 600 persons partook of the excellent dinner served in the basement of St. Barnabas church last Sunday. The total receipts from the dinner and stands were over \$300.

—Mrs. Robert Gillette, aged eighty years, died at noon Thursday after a long illness. The funeral will be held Sunday afternoon, with services at the Methodist church at 2:30 o'clock. All the children are at home.

—Mrs. C. W. Mogg and son, Albert, of Chicago, motored here and spent a few days at the G. A. Shields home. Tuesday they went to St. Paul to attend the Minneapolis State Fair, and were accompanied by Mrs. G. A. Shields.

—The public library will be closed for two weeks, while the librarian is taking a vacation, and will be open again September 22nd. There will be no fines charged if books are returned at that time or the following Wednesday, September 24th.

—Mrs. E. J. James is still very ill. She is being cared for by her daughters, Mrs. Martin, of St. Paul, Minn., and Mrs. Chaffield. Another daughter, Mrs. B. F. Davies, of Spring Green, is also a frequent visitor. Dr. H. T. Cooksey, of Madison, was called to see Mrs. James last week.

—A yield of 96 tons of alfalfa from 16 acres of ground is claimed by Henry Otto, a farmer residing near Prairie du Chien. The first cutting yielded 30 tons, the second 27 tons, and if he takes a third cutting, which he plans to do, the total will go over 125 tons.

—The Leopold Loeb murder case in Chicago received their sentence Wednesday morning: Life imprisonment in Joliet for murder, and ninety-nine years for kidnapping. In Wisconsin this would be the maximum penalty prescribed by law. In Illinois it is not, and many criminals in that state have been hanging for less atrocious crimes. The parents of Leopold and Loeb, and also of the Frank boy who was murdered, are millionaires. The trial probably cost half a million dollars.

Mother: "What do you mean by putting your thumb in your nose and wriggling your fingers at those little boys?"

A city shoe store advertises this week: "New Fall Oxfords for men and women at \$13.50 and \$16.50." We ask: "How can you get \$13.50 or \$16.50 in a pound and a half of leather and a few minutes of machine work?" We think a person who pays \$13.50 or \$16.50 for a pair of Oxfords is "cuckoo." He has no respect for his pocket book.

The Jefferson shoe is one of the best and highest priced shoes in the world. We sell them at \$6.00, and other dependable makes at \$5.00.

We are still selling broken lots of women's shoes and oxfords at 98 cents. Sold up to \$5.00.
