Conrad Nagel, Claire Windsor, Gep. Cooper Bert Roach, and Tom O'Brien

A laugh wallop about Rolling Rhine Stones. The war is over. And how that Army of Occupation knew it. They got a lotta laughs out of their Watch on the Rhine—and so will those that see this sure-fire, merry-go-round of hearty, unoffending mirth. They're all there, the hard-boiled eggs with cracked shells, and the babies who just die on uniforms.

GAG ON GAG—IT'S A RIOT!

Salava, at which quite a number of guests were present. Friends of the young couple extend congratulations and good wishes.

—Stanley E. Johnson, writing from Combs, S. D., on Thanksgiving day, says: "I believe that if I seed in my renewal today, you will have another reason to be thankful. It seems at times that we are entirely out of luck, but it is indeed a sad case where a person has absolutely nothing to be thankful for. Conditions here in the vicinity of Combs are far from good. The wheat and other small grains did not produce the seed which was sown in the spring and the corn and hay crops were almost a total failure. Since July, we have had lots of moisture and the ground is in excellent condition for a good crop next year. Both of the banks here in Combs closed in June, and this along with

the poor crops has been a pretty stiff job for everyone in this community. We all will live through it, if we just stick to the ship. After all is said and done, I believe about like a fellow once said—it could have been worse. Give my best regards to all my old friends in Mazomanie. I expect to have my vacation in June, and if all goes well, I shall spend the larger part of it in Mazo. Haven't been to the alumni luncheon for eleven years. It hardly seems possible that

we moved to South Dakota that many years ago.

A bee's stinger is one thirty-second of an inch long. The other two feet is imagination.

Easy payments are all right until it comes to make them, and then they are hard.

Yes, lightning strikes more than once in the same place—when it comes from the hip pocket.

## "Talk Is Cheap!"

"TALK is cheap—but it takes money to buy a farm!" Many a schoolyard argument of boyhood days has been ended with this homely bit of philosophy.

For the American telephone user, talk is truly cheap—cheaper than anywhere else in the world. But it takes money to keep his telephone service cheap and to make it ever and ever cheaper. The Bell System is devoting millions of dollars to research in order to discover economies that will partially offset the rising costs of labor and materials. It is spending nearly three-quarters of a million dollars a day for new plant, every dollar of which extends the scope of every telephone and makes every subscriber's service more valuable without increased cost to him.

The savings of telephone users, invested in telephone securities, have helped to make the Bell System's nation-wide service the most economical, as well as the most efficient and most extensive, telephone service in the world.

Thanksgiving is gone. That means Christmas is on the way. Your calendar will show you how really necessary it is for you to do your shopping NOW.

This store is filled with useful, practical and glorious fabrics suitable for Christmas Gifts at prices that are within the reach of every one's pocket book.

A man said to us the other day: "Show me some Suits, but don't show me any cheap stuff. There's no economy in it."

That's good sense. That man wasn't off the track. He knew that cheap clothes fit poorly, and only last a season. He knew that to pay a little more would get him a well-made, comfortable, suit that will give several seasons' wear. He knew he would not have to buy so often. And not only that. While enjoying the extra wear, he'd also enjoy its comfort, style, and perfect fit.

When you buy an automobile, or a reaper, or a sewing-machine you don't inspect every bolt or every screw, but you look for the name you can trust, and then buy on faith. Curlee-Royal Tailors and Born Clothes—Munsingwear—Oshkosh and Lee Overalls—Jefferson Shoes—Ball Band Rubbers—Gold Seal Congoleum—New Home Sewing Machines, are names you can trust, for they have stood for years as signifying highest quality. Any article bearing any of these names combines the very best in quality and wear.

As a result, people have come to trust the merchandise we sell knowing that it is correct and dependable in every respect.

Let us outfit you to your entire satisfaction.

## SCHOOL NEWS

Report cards were given out this week. Some are rejoicing, some are sorrowing.

The next Parent-Teachers' meeting will be held next Monday evening, December 6.

The deep-sea-revel will be held on Friday, Dec. 3. The Buccaneers will be entertained by the Sea Dogs and the Pirates.

A few seats have been changed in the Biology class. Miss Grex says she has not ordered this, so there must be some reason known by the chancellors alone.

We have received word that our former star, "Red" Prucha, has made the Pynette first basket ball team. The business men of Pynette furnished the uniforms.

A study is being made of the weights of the girls, and as soon as the charts arrive, the girls will make a study of the diet to fatten the underweights, and lighten the overweights.

The pictures of the High school pupils have arrived, and, as Mrs. Ellis says, this is a chance for us to see ourselves as others see us. We think that sometimes the others must get a terrible jar.

The annual football banquet will be held next Tuesday night, Dec. 7, at 6:30. It will be served by the Home Economics girls, under the direction of Miss Grex. Chorus: "When do we eat?"

Lone Rock has cancelled their basketball games, and Mr. Barrett is looking for games for the dates thus left open. Madison East team has asked up for a game; not the regular team, but a team averaging between 130 and 140 pounds.

The girls are practicing basketball regularly, but they have scheduled no outside games, a new rule having been made in the W. T. A. A. the girls can play no outside games. The rules have been changed, and the game is much faster than it was.

Ethel Harrow is playing piano for marching this week. Those who have previously played are Maxine Kirch, Gladys Mathewson, Carl Fries, Edith Mathewson, Janet Dunlap, Florence Weinbach, Iona Linley, Lorraine Lawler, Anne Lynch, Helen Speich, Frances Mahoney.

Basketball practice is being held regularly now. Our first game comes a week from Friday, on December 10. This is our first home game, and your season tickets are good; but if you haven't any, we want your quarter. The grade team will play a preliminary with Mike Sweetney's Meadowvale team.

The play, "Come Out of the Kitchen," was a great success from every point of view. The young people responded pleasantly to the excellent training given them by Principal G. L. Barrett. Doubtless the large and attentive audience had much to do with inspiring the young actors to put forth their best efforts. The Girls' Glee Club and the orchestra gave several selections during the evening, and, as always, well received.

The Senior class entertained the rest of the High school with a delightful program Wednesday afternoon, November 24. Jack Olsen opened the program by giving President Coolidge's Thanksgiving proclamation. This was followed by a pantomime from Miles Standish. After this, the High school adjourned to the gym, where the last game of the inter-city basketball tournament was played between the Juniors and Seniors. This game was very exciting as the teams were well matched. The final score was 32 to 26. In favor of the Juniors, the team scored the Juniors, as the Seniors.

won the silver cup last year. The pictures played on the tennis were: Seniors Juniors C. Roscoe Booth, Robert Griswold R. F. Russell K. William C. and Frederick S. and Harold F. L. P. Joe Hodgson. High Hodgson R. G. Donald Niendorf. Raphael Gort L. G. Gilbert Roelke.

## WORLD'S GREATEST SHOW.

"Ben-Hur" Filmed at Expense of \$4,000,000.00. Madison—"Ben-Hur," with its magnificent "chariot race," is a death-defying contest on a vast circus arena. The knightly Ramon Navarro and the wicked Francis X. Bushman as the opposing heroes—comes to the Garrick Theatre, for a death-defying contest on a vast circus arena. The knightly Ramon Navarro and the wicked Francis X. Bushman as the opposing heroes—comes to the Garrick Theatre, for a death-defying contest on a vast circus arena. The knightly Ramon Navarro and the wicked Francis X. Bushman as the opposing heroes—comes to the Garrick Theatre, for a death-defying contest on a vast circus arena.

You see forty-eight horses—twelve teams—start abreast in their mad dash over the seven laps of the Astor race course, and you cannot forbear a cheer as Ben-Hur wheels Massala and forges to the front! Roman and pirate navies contend in realistic death-grapples on the Mediterranean. The towers and turrets of Zion rise anew. From the exquisite Madonna to the Last Supper and the Procession of Palms, the masterpieces of art are enacted, often in color. The beautiful love story of Esther and Ben-Hur, a contemporary of the Saviour, dominates the grand spectacle which is characterized by a fine reverence in the sacred part of the portrayals. Among the leading actors are Ramon Navarro in the title role, Francis X. Bushman as Massala; May McAvoy as Esther; Betty Bronson as the Madonna; Carol Meyer as Iras; Frank J. Currier, Mitchell Lewis, Nigel de Brulier, Claire McDowell, Kathleen Keefe, with no less than 120,000 persons in the "sausage."

## President Coolidge Urges Observance Of International Golden Rule Sunday

PRESIDENT COOLIDGE again asks America to observe International Golden Rule Sunday. By Presidential endorsement the day has been observed for the past three years to aid child welfare and relief work of the Near East Relief. This year the day will have the additional significance of aiding the earthquake victims of Armenia. The President's letter of endorsement follows: "I regard International Golden Rule Sunday as a movement of much importance. Begun in an attempt to care for the orphaned children of Bible lands, it has been extended to other countries. Practical help is the best expression of friendship. The aid we may give out of our abundance to those less fortunately situated than we should be of great value in bringing about the application of the Golden Rule to the settlement of misunderstandings among nations as well as among individuals. "I hope the voluntary observance of this day may become increasingly prevalent in America and throughout the world."

## TOURING

proves that Monamotor stands up

Touring makes a motor get right down, and work all day. Loaded down with luggage and running along in heat and dust, the motor must have first-class lubrication. Tourists know this. Those who have tried it always insist on Monamotor Oil.

An oil that stands up in touring is certainly good for everyday wear. Buy this "long distance" oil and get better mileage!
