VOL. LIV.

MAZOMANIE, DANE COUNTY WISCONSIN, FRIDAY SEPT. 2, 1927

NO. 30

GREAT POWER FROM GOD.
Behold, I give unto you power to tread on serpents and scorpions, and over all the power of an enemy; and nothing shall by any means hurt you. Luke 10: 19.

PRAYER:—O Lord, Most High, we seek to dwell in the secret place where no evil thing can befall us.

What is said of one who is slow to anger.

Answer, read—Prov. 16:32.

THOMAS LIBBY

Thomas Libby, once a resident of Mazomanie, died at his home in Minneapolis, Minn., Friday, Aug. 26, from heart trouble which had kept him confined since last October.

Apparently improving some, after the summer started the end came with unexpected suddenness.

Mr. Libby was born in England in 1854, coming to America when 24 years old, with his parents, who located at Middletown, Conn., then moved to Mazomanie about 1874, where the family remained until about 1870, when they moved to Burdoo.

Mr. Libby went to Minneapolis in 1872 and engaged in the contracting and building business, for many years building all the bridges, dams and levees for one of the transcontinental railroads, taking an active part in superintending the work up to the time of his recent illness. For a number of years past his son Lloyd has been his chief assistant and will continue the business being engaged on a large bridge building contract in Milwaukee, Wis., at the present time.

Mr. Libby leaves a wife, one son and three grand children, all living in S. E. Minneapolis, Minn. Mr. Libby will be remembered by many for his works of beautiful woodcarving and works of mechanical art, and also for his successful propagation of new species of plants and rare flowers, which was one of his hobbies, at which he was a genius. He was a man of unusual abilities, a genial companion and a home loving man of sterling integrity, who will be sorely missed by his devoted family and many friends. With members of his family he had motored to Mazomanie several times in recent years, calling on old friends and relatives in this vicinity. Interment was at Lakeside cemetery, Minneapolis, on Monday, Aug. 26th.

MAZOMANIE 4-H CLUB.

A 4-H CLUB was organized in Mazomanie at the beginning of May. In the boys' section there were about fifteen members. Some of the boys raised calves for their projects, while others raised pigs and chickens.

At the time of the Dane county fair most of these projects were exhibited. The following is a list of the prizes won by the Mazomanie 4-H Club in the club class at the Dane county fair at Madison, August 22-25:

Arthur Howard, 1st premium on White Leghorn chickens.
Roscoe Booth, 1st, Chester White pig.
Leslie Sutcliffe, 4th and 7th, Grade Brown Swine.
Keith Sutcliffe, 2nd, Purchased Senior Guernsey; 3rd, Purchased Junior Guernsey.
Charles Stanley, 1st, Purchased Jersey.
Harvey Hofmann, 6th, Purchased Senior Guernsey.
Hugh Hodgson, 3rd, Purchased Senior Holstein; 1st, Grade Senior Holstein.
Howard Linsley, 6th, Grade Junior Holstein.

Mazomanie 4-H Demonstration won second place.

Some of the exhibits are now at the state fair in Milwaukee, and we have heard that Hugh Hodgson's Grade Holstein calf has won first premium at that place.

Goodyear Tires

We used to sell another line of TIRES. And we believe they were good ones. But we were sold many times. "Do you think that Tire is as good as the Goodyear?"

So we figured if our customers made Goodyear their standard of value—why try to sell them any other kind.

And for that reason we are now selling Goodyears exclusively.

MAZOMANIE SICKLE

MAZOMANIE, WIS., SEPT. 2, 1927.

OF LOCAL INTEREST

Frank Lloyd Wright, the architect, died Thursday in almost quietude at Madison, when Judge A. C. Hoppmann granted an absolute divorce to his estranged wife, Miriam Noel Wright. He is living in the cloistered quiet of his hillside villa, Taliesin, at Spring Green, a place freed from the hauntings of gossip servers and sheriffs who have worried him for the last two or more years. Wright is living just as he has longed to live—in the seclusion of the landscape with his companion, Olgivanna Milanor, and two small children, one of which Wright is the father and both of which Mrs. Milanor is the mother. Under Wisconsin law, Wright will be free to marry Mrs. Milanor next Aug. 26.

Mrs. George Budow, residing north of Mazomanie, was most pleasantly surprised on Sunday, August 28, the occasion being her birthday anniversary. Those who enjoyed this happy event were: Mr. and Mrs. William Bodson, and sons, Arthur, Orville, and Carl, of Spring Green; Mrs. H. S. Talbot, William Talbot, Mr. and Mrs. Fred Warth, sons Irvin and Harold, of Black Earth; Mrs. M. Gunderson, of Adams; Mrs. George Johns, sons Lloyd and Harold; daughters Hilda and Harriet, of Mazomanie. The guests brought well filled baskets and all partook of a bountiful dinner and supper. Mrs. Budow was presented with a full dinner set as a memento of this happy occasion. A most pleasant day was enjoyed by all.

Mr. and Mrs. Elmer Meiller and family, of Middleton Junction, Miss Myrtle Baxter, of Madison, Mr. and Mrs. Elie Meiller, Mr. and Mrs. Geo. Hawley, Mrs. Jas. Sullivan and children, Mr. and Mrs. Wilfred Lacey and family, Mr. and Mrs. Otto Schultz and son Gene, Mr. and Mrs. Lawrence Gort and family, of Mazomanie, Christian Amacher, of Mill Creek, Mr. and Mrs. Chris. Cooper and family, Mr. and Mrs. Keith Campbell and family, Mr. and Mrs. Joe Cooper, son Joe, and daughters Grace, Alice, and Treasa, Irving Toney and Ferdinand Indrick, of Blue Mounds, enjoyed a picnic dinner on Sunday, Aug. 21, at the Alfred Amacher home at Hyde, the occasion being Alfred's birthday on Saturday. All reported having a good time, and another was planned for the near future at the home of Elie Meiller in honor of Mrs. Meiller's birthday and also that of her granddaughter, Miss Mildred Meiller, of Middleton Junction.

DRIVERS LICENSE

Secretary of State Theo. Ducommun will have a regular Bertillon record of a large part of the population of Wisconsin as the result of the enactment of the driver's license law. While there are approximately 650,000 cars operating in the state he estimates that there are over 1,500,000 drivers of cars. Every driver of a car, whether he owns it or not, must take out driver's license next January. The owner of the car gets his license free. All others who drive the same car must pay 25 cents for a license. A farmer with several children can't take out a separate driver's license for each child. If a wife drives her husband's car she must have a separate license and pay the fee.

Here are some of the questions which each driver must answer before a license is issued: Give name and postoffice address; age; color of eyes, color of hair, sex, height and weight and "any mental or physical defect." When Secretary Ducommun gets all of that information in the files of the state he will have a regular Bertillon record on a large part of the active population of Wisconsin.

BE CAREFUL

With accidents increasing by the thousands each year, the subject of their prevention is engaging the earnest attention of individuals, employers, corporations, the press, motor clubs, educational associations, city, state and national organizations. Falls cause more deaths than any other form of accident according to the National Safety Council which is a clearing house of information relating to prevention of accidents, with headquarters in Chicago.

Automobile fatalities in the United States approximate 25,000 annually. It being estimated that almost 7,000 children, alone were killed by automobiles last year in this country.

In their own homes, thousands of people also lose their lives each year through accidents. Last year the number of such deaths reached 18,000, with falls leading.

A majority of all accidents of every description would be prevented if people would exercise proper care and caution.

FORTY ODD LAKES FOUND IN LARGEST STATE PARK

By C. L. Harrington, Superintendent Wisconsin Forests and Parks

PRIMARILY a wilderness of lakes, streams and woods, Northern Forest Park, in the central part of Vilas county, is, as its name implies, a forest as well as a park.

The entire region is intersected with lakes and streams. Numerous springs dot the area. Trout Lake is about in the center of the park. It is the largest lake in the region and the deepest in the state. On the north side of Trout Lake are located the main camping grounds in the park. About forty other lakes are in the park, the principal ones being Star, White, Sand, Plum, Ballard and Big Muskeelung. All of these inland waters are crystal clear, and are most inviting to lovers of the outdoors.

Of Wisconsin's twelve state parks, Northern Forest Park is the largest. Within its limits of sixteen miles east and west by nine miles north and south, the state owns 76,000 acres of land.

The park lies at a general level of about 1,000 feet above the sea. The country is typical of the glaciated region of northern Wisconsin, being rolling or sharply broken, with limited areas of level land here and there. Outdoor attractions and activities, such as bathing, boating, fishing, camping and picnicking, are excellent at this Vilas county park. Several fine summer resorts are located in the park and many camping resorts have been established.

The entire parkland is wooded with second growth timber, although small tracts of virgin wood are found here and there. In its virgin condition, this area was covered with a pine forest, which, of course, has been largely cut over, but the second growth of mixed pine and hardwoods has reached a good size and is most attractive. The soil is sandy and dry under foot.

Before the park was established by the legislature in 1925, the entire area was maintained with the hope of turning it into a forest reserve. However, it had not been developed and was lying vacant when it was set aside as a park.

Mr. and Mrs. H. J. Meng spent from Saturday to Monday in Greenwald visiting their nephew, John Meng. They were accompanied by Mr. and Mrs. Bert Giegisch, of Prairie du Sac.

A picnic dinner was held at the river, Saturday, in honor of Mrs. R. S. Babington's birthday. Those present were: Mr. and Mrs. Chas. Hoerner, of Milwaukee; Wm. Patterson, of North Freedom; Mr. and Mrs. Frank Neu and children, Sam Babington and daughters, Maud and Pearl, and Mr. and Mrs. R. S. Babington, of Prairie du Sac; and Mr. and Mrs. J. T. Babington and family, of Prairie du Sac.

DOC WISE

SOMETHING TO BE PROUD OF

SOME of the best informed persons on American industry might audaciously were they told that a mid-western town of 25,000 inhabitants has twice as many telephones as one of the most famous cities of the world with a population of almost 500,000. Yet it would be true. The town is Beloit, Wisconsin, and the city Venice, Italy. This fact tells the story of the difference between the new, constructive, and encouraging private initiative and enterprise as contrasted with the old world method of governmental domination of industry and the individual.

Mr. and Mrs. Andrew Hauck, of Madison, and two ladies from Chicago, visited with Mr. and Mrs. Lindstrom at McFarland, while her husband was absent.

Leon S. Bradford, aged seventy-seven years, died at his home in Madison, Wednesday night. Mr. Bradford was a resident of Mazomanie several years in the '80s, while he was conductor on the Santa Fe, and is well known to many of our citizens. The funeral will be held at Madison, Saturday morning. He is survived by his wife and three sons.

Up to last Saturday, this August was the driest in history, according to records made at Madison; with only 4½ inches of rainfall. The normal for August is 3.21 inches. In August 1881 it was 25 inches; 1891, 31; in 1924, 7.27. The temperature for the month was four degrees cooler than the normal of 70. In 1915, the average was 64 degrees.

The city of Madison will lose \$7,690 annually and Dane county will lose \$82,323 annually in state aid for common schools as a result of the common school fund equalization plan enacted at the 1927 session of the legislature. This state aid which has been cut off other the communities in the state will lose will be contributed toward the support of the school system in the poorer sections. The new plan will go into effect January 1, but will not affect the school taxes which are paid in 1928 or the distribution of the state aid for that year.

Capital Times: Laverne Stoddard, telephone company lineman, was arrested in Mazomanie Monday night by Deputy Sheriff Andrew Bakstein, Cross Plains, on a grand larceny charge arising out of the theft of \$10 cash and two rings from Mrs. Marie Adler, who conducts a hotel in Cross Plains. Stoddard, roomed at the Adler establishment for several days, then moved to Mazomanie, taking the rings and money. He pleaded guilty to superior court Tuesday to a grand larceny count and was remanded to the custody of the sheriff under deferred sentence. Stoddard's home formerly was in Richland Center.

Gas Spoiled Sleep, Made Her Dizzy

"For years I suffered from gas and indigestion. Failed to get headache and dizzy spells. The first dose of Adlerika gave me relief. Now I feel well." Mrs. B. Brinkley. Just ONE spoonful of Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowels and removes old waste matter you never thought was there. No matter what you tried for your stomach, Adlerika will surprise you. Geo. A. Shields, Druggist.

We can't tell you about all the new things we've received this week.

New 54-inch All-Wool Flannel. Excellent quality. Tasteful colors. Just the type of cloth for fall dresses and light weight cloaks, \$1.25 to \$2.75 per yd.

New patterns in Peter Pan cloth—Whitman Fabrics—Red Seal Zephyrs—Golden Star Cambrics—beautiful scintillating silks. Challies 15c, were 25c.

We've done a good business this week in Middishade and Middishipe Blue Serge Suits. You'll know why when you see that rich, restrained fadeproof blue.

Most people look best in blue. It's because blue is opposite to the color in the face. That's why men with too little color who wear gray look as though they had an operation. Let us show you these specialized blue serge suits.

We always like to meet old friends and customers. Thomas Denney, who left Mazomanie 25 years ago, called on us. He said: "I still wear a fur coat I bought of you 25 years ago."

Miss Minnie Zeller, of Palmetto, Fla., daughter of John Zeller, paid us a pleasant call. She said father told me to say "Hello to Butz Brothers, and tell them I still wear one of their suits." She said that he walks barefoot the year round down there, and that it drove out his rheumatism.

New Jefferson Shoes. We don't like to say "The best in the world" because so much sensational advertising has taken the meaning out of such superlatives as "Best, Unheard of, Tremendous", and make one think of P. T. Barnum's circus. But, Jefferson Shoes are wonderful shoes. Willard Sharratt ordered two pairs. He said they asked him \$12.00 in his town. Ours was \$7.50.

Perfect Comfort for the woman driver

An Adjustable Steering Column to Suit Your Convenience

Buick for 1928 is extremely thoughtful of feminine comfort. One indication of this consideration is Buick's new steering column, which may be adjusted to the most comfortable position for women, as well as men.

And in addition, Buick for 1928 has a new steering wheel—slender to fit feminine fingers—yet deep and solid to provide the firm grip men demand.

Buick for 1928 pleases women because it is easier to drive—because it is more comfortable to ride in—and because it is the acknowledged style-leader among motor cars. That's why you see so many Buicks at fashionable gatherings and on the smartest boulevards.

MAZOMANIE, WIS., SEPT. 2, 1927.

At The Majestic Theater.

Friday—Tarran, the beautiful white horse ridden by Ken Maynard, First National star, in "The Overland Stage" at the Majestic this Friday, has something of a history. He was once the property of a wealthy man in San Francisco, who, because of financial cares, had to part with her "pet." She cried at parting with her "pet," but Ken Maynard, who has a tender heart, had been the purchaser at that time, the "deal" would have gone through or he would have given the horse back to her. But a couple of hard-hearted Mexicans bought Tarran from his mistress, and sold him again to Maynard—at a fine profit.

Saturday—Ben Lyon never realized he was a person of such value until he innocently announced his intention of taking in "airplane rides." It was during the filming of "The Tender Hour," the George Fitzmaurice production which comes to the Majestic Theatre here Saturday. The First National studio had engaged a Chinese valet to care for the actor's wardrobe during the picture, and Lyon discovered that his new employee could fly an airplane, and, moreover, had a friend who owned one. A flight was arranged, and Lyon was looking forward to his first departure from the earth with some eagerness. His eagerness, indeed, prompted him to tell several of his friends about it. Promptly there came great outcry from Lyon's employers. His contract forbade the taking of unnecessary risks. The company, furthermore, had taken out a large insurance policy against his possible injury and the insurance company threatened to cancel the agreement if Lyon so much as stepped inside an airplane. Lastly came a protest from Fitzmaurice, the director, who pointed out that a leading man with a broken neck would be of little value to a picture not yet half finished. So Lyon still has the pleasure of looking forward to his first airplane ride.

Tuesday—They are showing a new type of war picture at the Majestic Theatre Tuesday, a war picture that isn't all guns and shooting and dying and fighting, a war picture that really traces the drama of a single soul in the march through the peaceful days before the world went so wild and his subsequent mad dash into conflict as an escape from the far more dreaded events of peacetime. It's the sort of a story that's been itching to be filmed for years and years. Here National has done a superb job with it. "Forever After" is the name of the picture and it is one of the first shows that has come here in months that we felt deserved the label of drama. For this piece is real drama, drama that tugs at your heart strings and then kids

RAILROADS "DEVICE OF SATAN."

SOMEONE has dug up the records of the Lancaster, O., school board back in 1828. In these records there is an account of a proposed debate as to whether railroads were practical or not. Permission was asked to hold the debate in the schoolhouse and the minutes of the School Board meeting ran as follows: "You are welcome to use the schoolroom to debate all proper questions in, but such things as railroads are impossibilities and rank infidelity. There is nothing in the Word of God about them. If God had designed that His intelligent creatures should travel at the frightful speed of 15 miles an hour by steam, He would have foretold it thru His holy prophets. It is a device of Satan to lead immortal souls down to hell."

SAUK COUNTY MAN IS SUICIDE.

E. N. Bardsley, 70, a widower who has been missing for the last seventeen days and for whom a posse of 100 men beat the woods near his home in the town of Fairchild, Sunday, was found dead Monday, in Leech Lake, Fairchild.
The man's head was partly blown away by a shotgun charge and the body was anchored to the lake bottom by a stone fastened to the waist.
County officials declared it suicide.

"How I Solved My Shaving Problem"

I had always used a safety razor. I'd insert a new blade—a good enough first shave, then each shave worse.

"The blade got duller and duller until in a fret I'd throw it away and insert a new one. A constant annoyance, an expense.

"I thought I'd go through life shaving this way. Ever dissatisfied. I was in a habit rut.

"Then fortune favored me. I fell heir to a new shaving delight.

"I get a 'first-shave' every day now—with a new-like, super-keen blade.

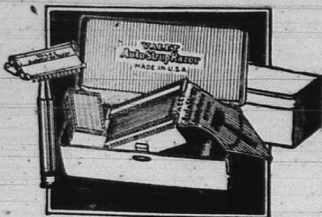

"For I own a Valet AutoStrop Razor. I sharpen the blade, I shave, I clean the razor, all without removing the blade."
