CHRIST FOR ALL-ALL FOR CHRIST

The Word of God

Fruit of the spirit—Love, Joy, peace, long suffering, gentleness, goodness, faith, meekness, temperance; against such there is no law. —Galatians 22:22.

Prayer.—O Lord, our God, make us temperate in all things, and enable us to appreciate daily more and more the fact that when our lives are surrendered to thee, Thou hast made them rich in fruitfulness and beautified with the beauty of holiness.

What encouragement did the Lord give Aaa at the mouth of Aaaralsh the prophet?—2 Chron. 15:1-7.

WORTHWHILE THOUGHTS.

You can buy a man's muscle and his mental ability, but you can't buy his loyalty and his enthusiasm. You have to win these assets. The most important ones there are, by your treatment of him as a human being. You cannot hire a man's heart.—H. Hobart Porter.

Christianity does not rest on speculations.—It rests on certainties. Paul would not have made the mistake of many Christians today who rate Christianity among the probable things, the possible things; he knew Christianity to be a fact, the chief of all facts, something definitely, positively, and everlastingly proved.—Dr. Amos R. Wells.

When oranges are assorted in a packing plant, they are dumped into a conveyor, and carried along over a series of holes. Gradually each orange finds its particular-sized hole and disappears from the picture.

Only a few of abnormal size reach the end.

It is like that with men. They go bumper along through life on a great conveyor called Time, one by one they are dropped into grooves, and only a few reach the big goal. But a man has this advantage over an orange; he doesn't have to stay in the groove into which he has been dropped unless he wishes to. By the exercise of his brain, his grit, and his determination, he can so increase his girth that he is forced out of his groove, is caught up again by the conveyor, and is deposited into a hole better fitting his new size. Thus a man sets his own limitations. He doesn't have to stay put. He alone is to blame if he is permanently dumped from the conveyor before he reaches his goal.—Charles Stern.

Hundreds of young people today are doing the wrong thing because the older folks are not taking the time and trouble to plan clean fun and entertainment for them. The older people can make their lives much happier and have a fine working group of young people, if they are given a little leadership along the lines of clean fun and recreation.—Carl Troper.

Certain persons take pride in announcing that happiness is becoming extinct and that every year the number of happy homes is becoming less. A gray and gloomy outlook it is, this believing that most of us are destined to live in discontentment and disorder the rest of our lives. Anybody who takes stock of life can conjure up many homes where family relations are anything but cheerful, and many of us jump to the conclusion that there is more of misery behind the door than there is of merriment. What we overlook is that happiness, like all desirable traits, does not stir up a commotion. The happy man and woman go ahead quietly with their work and loving. No one has quite the interest in them that they would if they misbehaved. Let a family bicker and fight; the news spreads like a prairie fire, grow big, spread rapidly. Unhappiness lacks the modesty and self-restraint of happiness. It shows itself in curt remarks, blows, and divorces. That we should be misled by its evil voice into believing that almost every one makes a mess of life, reflects on the quality of gray matter in our brains. Laughter and sunshine are everywhere if we but recognize them.—Elizabeth M. Odell.

A bus containing thirteen members of the La Farge high school graduating class tipped over about four miles northwest of Spring Green at the corner near the lower Big Hollow orange field last Saturday night and all were more or less injured.

There is a movement on foot to reorganize the democratic party in Wisconsin, and again make it a district party. Democratic National Committeeman John Callahan, claims that there will be contests within the democratic ranks this fall. He warns Democrats against voting in the republican primary this fall, and asks that democrats make a determined effort to reinvigorate their party. It is expected that a large democratic vote will be cast this fall. Some democrats are going so far as to say that they will carry the state in the next election.

The rumor that Blue Mounds summit has been purchased by a Madison man who was going to make it into a summer resort, is authentic. No such transaction has taken place at the time.

Real Non-Skid
PERFORMANCE
Slow, even tread wear.

That's what the Goodyear All-Weather Tread Balloon Tire gives.

Real Non-Skid Performance---because the deep-cut, sharp-edged blocks in the tread's center seize, grip and hang-on. Slow, Even Tread Wear---because these sharp-edged blocks are placed in a semi-flat design. They not only grip the road, but retain their usefulness longer than any non-skid tread heretofore offered.

Come in and see it. We'll let the tire do all the talking. It's backed by our standard Goodyear service.

MAZOMANIE SICKLE

MAZOMANIE, WIS., JUNE 8, 1928.

OF LOCAL INTEREST

—The Wisconsin Telephone Co. has applied to the railroad commission for permission to apply its standard toll rates for services from Mazomanie to Sunnyside and Prairie du Sac, and a hearing in this matter will be held before the commission June 14th, at ten o'clock. According to the application such tolls have been in force from the two towns to Mazomanie since June 1926.

—The schools of Dane county will stage a mammoth pageant at the Camp Randall Stadium of the University of Wisconsin on Saturday of this week. This pageant is in celebration of the one hundredth anniversary of the settlement of Dane county. There will be groups from various parts of the county taking part. Several weeks have been spent in getting these groups ready and everything gives promise of a fitting celebration of the event. Approximately four hundred people will participate in this pageant. There will be two presentations, one at 2:30 p. m. and another at 8:00 p. m. The stadium affords seating for several thousand so there will be ample opportunity to see and enjoy the spectacle. The rural school commencement will be held in the morning at the Central High School Auditorium. There will be between four and five hundred graduates.

—Recreation Day is once more a memory and to all who were guests at the Morrill Bros. home, a most pleasant one. For several years their home has been a meeting place for the relatives and friends where a picnic dinner is enjoyed by all and the afternoon is spent visiting. This year the guests numbered fifty-five, coming from Portage, Baraboo, Madison, Prairie du Sac, Sunnyside, Arena, Black Earth, Mounds Creek and Mazomanie. As always, some familiar faces were missing and new ones added. We hope that next year there may be "no absences." To

many this is a home coming day—day when we honor not only our soldier dead but all of our friends who have gone on before. We were again to meet with them in happy, silent communion and as the years come and go we are reminded that soon it will be a "home going" for us to join those who wait "just over the way."

LAST WEEK'S EXCHANGES

Miss Margaret Brannan has rented the Mt. Horob House to Mrs. Theodore Stutz who will take possession June 1st.

Harold Pierce of West Allis, a young man of twenty-three years, was killed in Baraboo Tuesday by a moving truck on which he had been riding.

The village of Arcola will vote on June 6 on the question of appropriating \$200 annually for municipal bond. The petition was signed by 22 residents.

Mary Frances Averill, Dodgeville won third place in the declamatory contest held at Madison last Thursday and Friday with "When Johnny gets ready for company."

Miss Adeline Beck, daughter of Mrs. Elizabeth Beck, and August Hetzel, son of Mr. and Mrs. Mike Hetzel, were married at St. Luke's Catholic chapel at Plain, Wisconsin, on May 22nd, 1928.

Mrs. Harry Lutes caught the champion trout of years in Richland County on Saturday. It was a German Brown and weighed 3 pounds and ounces, and measured 23 1/2 inches from tip to tip.

M. H. Mercer died early Sunday morning at his home in West Spring Green. He had been ailing for a week or more but his condition was not considered serious and his death was a shock to relatives and friends.

Forty hour devotion was held at St. Joseph's church in Dodgeville beginning with last Sunday morning and

was damaged so badly it had to be towed to the garage.

The new wholesale fruit store, to occupy the building vacated by Mossey's Variety, is expected to open up at Dodgeville the latter part of next week. W. O. James will have charge. The large built-in refrigerator is now complete, and the other work is progressing rapidly.

Mr. and Mrs. Robert McCutchin and son Robert of Arena motored to Marshfield, last week and visited Mr. McCutchin's sister, Mrs. R. L. Stewart and family. While there their car was stolen out of the garage. It was found after some search several blocks away but minus three new tires.

In choosing a suit of clothes—or anything for that matter—it's not always safe to trust appearance entirely. The young girl in the short frock may be the mother or the grandmother.—The young man in riding breeches may be some man's wife, and so a suit may have a good appearance and still have poor linings and inferior workmanship.

If you'll slip into one of our famous Middishades and look at the mirror you'll recognize the stylish lines—the fine linings—the superior workmanship as easily as you recognize a Packard or a thoroughbred in a lot of scrubs. Specialization brings you custom quality for \$35.00.

Personnel and Progress of the Telephone Business

"OUR policy and purpose are the same as yours—the most telephone service and the best, at the least cost to the public.

"Professor Cabot of the Harvard Business School made the following comment on the Bell System:

"The thing is a modern miracle which I can only explain to myself by assuming that the men who conceived, created and have developed the telephone were men of the rare automotive type whose driving power came from within, and who, therefore, did not need the external stimulation which competition alone can give."

"Undoubtedly a very great factor in the continued progress and improvement of telephone service is the intangible but quite real spirit of service that has become a tradition in the telephone business, but the results of the Bell telephone business have a broader foundation. It is fundamental in our plan of organization to have at headquarters and in our laboratories several thousand people whose sole job it is to work for improvement. They are engaged in studying what is used in the telephone business and how it is used and endeavor to find a better thing or a better way. Of course, the people who are engaged day by day in trying to maintain a high standard of telephone service are doing their part, and a most important part, in increasing the quality and keeping down the cost of service, but progress is assured by having a large group of scientists and experts devoted exclusively to seeking ways and means of making the service better and cheaper."

At The Majestic Theater.

Saturday.—Karl Dane and George K. Arthur leaped to fame as laugh-makers in "Hookies," but in "Circus Hobbies" came their big chance. The new production, playing at the Majestic Theatre Saturday, is a combination of laughs, thrills and romance all rolled into one. Right from the start the play moves with a bang and a laugh. It starts in a circus, and one sees intimate glimpses of how circus folks travel, live and work. As a circus performance is injected into the play, so the audience gets both circus and screen show—a lot of show for the money. Despite the hilarious comedy there is plenty of romance running through it, between Arthur as the earnest young press agent and Louise Lorraine as the trapeze star. The part of the love affair is enacted by Fred Humes.

Sunday.—If masculine hearts are palpitating at the beauty and charm of Billie Dove in her latest starring vehicle at the Majestic Theatre Sunday, "The Yellow Lily," wives and sweethearts have their treat in the picture, too. Masterful, powerfully reserved Olive Brook is playing opposite the star! Brooks enacts the role of a Hungarian archduke. Miss Dove that of a village beauty in Hungary. A hand-picked cast headed by Gustav von Seyffertitz, Nicholas Soussanin, Jane Winton, Rodi Rosing, Charles Puffy and Marc Macbermott enacts other picturesque Hungarian characters.

Family night.—The wreck of a huge transatlantic liner and the thrilling rescue of passengers at sea was staged on an elaborate scale in the Pacific Ocean for "Battara." Jackie Coogan's new Metro-Goldwyn-Mayer vehicle coming Tuesday to the Majestic Theatre. It is a romance of the sea, with Jackie in the role of a rascal or bully on a liner. Lars Hanson (truce) is master. R. D. Arty, Polly Allen, and other notables are in the cast.

Wednesday.—Ideas on how to get it, or money are sometimes as valuable as those on how to accumulate money. "Hard Luck," in his latest "comedy," "Play Goes Easy," which will show at the Majestic Theatre Wednesday, manages to hold on to a great deal of money even when he doesn't wish to.

The picture is considered by moving picture producers to be the funniest that has thus far made the screen. The story revolves around a young man who is almost too honest to live. Unknowingly he assists a crook in robbing a bank, thereby establishing himself as an accomplice. It isn't comfortable for the crooks when the detectives start on their trail. Dix tries to return the money but people think he is crazy. The situations are smart, fast moving, and very funny, early reviewers reported.

COMMENCEMENT

Sixteen Graduate From Mazomanie High School.

Another school year has come into the past and another group of young people have joined the ranks of the alumni of the Mazomanie high school. With the commencement exercises on Sunday, May 27, the graduation exercises were held. This service was held in the school gymnasium with Rev. S. C. Pinks of the Community church giving a very impressive sermon to the graduates and friends assembled.

Tuesday afternoon, May 29, found the class and their friends again assembled for the annual class day program, at which time the class history, poem, prophecy and will were read. The day was planned on the north side of the building this year in a ceremony that was, as always, impressive.

In the evening of the same day the class, under the direction of Miss Simpson, presented their play, "A Pair of Sixes," in a most delightful manner.

On Thursday evening, a host of relatives and friends gathered in the gymnasium for the commencement exercises. After the invocation by Rev. S. C. Pinks, Robert Griswold, salutatorian and class poet, welcomed everybody to the program. Maxine Kirch, valedictorian, expressed the farewell on behalf of the class in a few well chosen words.

Prof. S. W. Gillman of the Board of Education gave a splendid talk for which an occasion. It was full of wisdom, and full of hope for the future. Following this address, the class presented a series of skits, and then G. L. Dunlap, president of the class, presented a diploma to the class. The class then presented a series of skits, and then G. L. Dunlap, president of the class, presented a diploma to the class. The class then presented a series of skits, and then G. L. Dunlap, president of the class, presented a diploma to the class.

Kirch, Ellen Klebeaard, Iona Linley, Sophia Litschauer, Frances Mahony, Dorothy Murphy, Harold Nieder, Clara Parpan, Genevieve Post. Friday, the class with teachers and friends spent the day at Devil's Lake.

And so came to an end four years of study and play for a fine group of young men and women. May they find in life the same desire for study and play that they did in school; and may they find that the four years spent as they have spent them are to be of untold benefit to them in the years to come.

Alumni Meeting

There was held at the school gymnasium, Saturday night, June 2, the event of the entire school year (regards which the eyes of many are turned); the one function of Commencement week which most keenly interests the larger number, both of the residents of Mazomanie, and of distant parts; the one time which draws those who have found their way more far removed from the haunts of their childhood to return once more to those scenes which are hallowed by association with loved ones with kind friends, and dear memories. To come back once more to the scene which has been the brightening of their life, to see the friends of their youth, to see the friends of their youth, to see the friends of their youth.

Among those from out of town who were thus welcomed were Mr. and Mrs. Benjamin Grider and son, Preston, Mrs. Daniel Madison, Dr. Frederick Madison and Gilbert Lamport of Milwaukee; Mr. and Mrs. Frank Vye of Chicago; Mr. and Mrs. Len Gray of Spring Green; Mr. and Mrs. Edwin Reid of Mt. Horeb; Mr. and Mrs. Robert Adams of Janesville; Prof. August Felland of Ripon, and his daughter Helen of Chicago; Miss Gerst, Robert Griswold, Hark Hodge, Johnnie Holman of Amsterdam, Holland; Harry Kottelbauer, Maxine and Miss Myrtle Degette, Graham.

Miss Lorraine Lawler of Wausau; Mr. and Mrs. Lee Roberts of Anna; Mr. and Mrs. Martin Geth of Middleton; Mr. and Mrs. Tadas Clavandt, who of Prairie du Sac; Mr. and Mrs. Walter Johnson of Sun Prairie; Miss Edna Varnell of Baraboo; Mr. and Mrs. John Rabington and Miss Mary Arnold of Cassell; Ernest Warner, Miss Casey, Delbert Jones, Miss Manuette Hicks, Mr. and Mrs. Leslie Fey, Mrs. Matthew Gratz, Misses Bertha and Florence Cleveland, Leola Winch, Mr. and Mrs. Albert Reich, Mr. and Mrs. Paul Grunzel, Mr. and Mrs. Richard Lee, Mr. and Mrs. Earl Eide of Madison.

About two hundred were served, after which the Association repaired to the assembly room where a business meeting was held and a program consisting of music and informal talks was carried out. At the business meeting, George Cairns was elected president for the coming year; Mrs. Grant Jones, vice-president; Helen Laws, secretary; Genevieve Post, treasurer. For the program, the orchestra of the Community church furnished several numbers. Preston Grider sang; Miss Norma Eide gave a piano solo; Mrs. H. E. Tracer, Miss Irene Voss, A. G. Ellis and A. T. Moe sang a quartet; and Ernest Warner told some reminiscences of his work as principal of the schools. It was during Mr. Warner's incumbency that the Alumni Association was formed in 1900.

The body of Thomas Thorpe, who died in Milwaukee Thursday arrived at Barneveld Friday. Funeral services were held Saturday morning from the home of his sister, Mrs. Bridges Jordan.

Parties from Locanville were in Arch Saturday demonstrating a fire fighting apparatus. A driven well did not furnish sufficient water so the engine was taken to the creek to exhibit its qualities.
